

Wendover and Villages Community Board agenda

Date: Tuesday 16 March 2021

Time: 7.00 pm

Virtual meeting via MS Teams.

Join this meeting by clicking on the following link 5 minutes before the

Venue: meeting is scheduled to start: <https://bit.ly/3e8Qc4o>

This meeting will also be recorded and subsequently available to view via the

[Buckinghamshire Council website](#).

Membership:

J Ward (Chairman), B Adams, J Bloom, S Bowles, B Chapple OBE, S Chapple, M Collins, R Khan, R King, S Morgan, R Newcombe, C Paternoster, G Powell, M Stamp and P Strachan

Aston Clinton Parish Council; Bierton with Broughton Parish Council; Buckland Parish Council; Drayton Beauchamp Parish Council; Halton Parish Council; Hulcott Parish Council; Stoke Mandeville Parish Council; Wendover Parish Council; Weston Turville Parish Council

| Agenda Item | Time | Page No |
|---|------|---------------|
| 1 Chairman's Welcome | | |
| 2 Apologies / Declarations of Interest | | |
| 3 Minutes of the last meeting To review and agree the minutes of the meeting held 24 November 2020. | | 3 - 10 |
| 4 Funding Applications To be presented Michelle Parker, Buckinghamshire Council. | | |

- 5 Climate Change Strategy Presentation and Discussion** **11 - 18**
Presentation by Cllr Bill Chapple and Ed Barlow, Head of Energy and Resources.
- Round table discussion on how can we support this strategy locally?
- o Projects already happening within the local area.
 - o Local areas of concern.
 - o Projects to look into further.
- 6 Thames Valley Police Update**
To be presented by Inspector James Davies.
- 7 Community Matters**
To be presented by Michelle Parker, Buckinghamshire Council.
- 8 Neighbourhood Matters**
Questions to be submitted in advance of the meeting to michelle.parker@buckinghamshire.gov.uk
- 9 Date of next meeting**
22 June 2021, 7pm

If you would like to attend a meeting, but need extra help to do so, for example because of a disability, please contact us as early as possible, so that we can try to put the right support in place.

For further information please contact: Clerk - Anne-Marie Kenward democracy@buckinghamshire.gov.uk on 01296 382236, email .

Wendover Community Board minutes

Minutes of the meeting of the Wendover Community Board held on Tuesday 24 November 2020 via MS Teams.

Present

C Adams (Cllr), J Bloom (Cllr), S Bowles (Cllr), B Chapple (Cllr), S Morgan (Cllr), R Newcombe (Cllr), C Paternoser (Cllr), G Powell (Cllr), P Strachan (Cllr), J Ward (Cllr),

Alister, D Ball (Wendover Good Neighbours), S Bateman, A Bedlou (Westongrove Surgery), K Birtwistle (EKFB), M Blake, F Blakeman, S Bulpett (WPC), S Cotton (BPC), D Griffiths-Allen (EKFB), E Hopkins (National Energy Foundation), I Hough (RAF Halton), C Hughes (Lindengate), J Hunt (SMPC), B Johnson (HPC), S Lincoln (TVP), F Lippmann (WPC), S Mansi (), C Martin (Youth Officer), C Perkins (Aylesbury Garden Town), C Powell (Lindengate), L Ronson (ACPC), M Simons (WTPC), T Skeggs (SMPC), B Stark (SM voluntary group), P Swinford (Wendover Youth), B Thompson (HPC), K Walker (Localism Manager), P Wyatt (ACPC),

Others in attendance

N Dicker (Head of Housing, Environment & Community Services), J Copcutt (BC HS2 team), K Galvin (Localities Community Hub Lead), A Kenward (Clerk), M Parker (CB coordinator), D Tester (Highways DM), J Thornton (Highways DM)

Apologies

J Durden-Moore and R King

Agenda Item

- 1 Chairman's Welcome**
The Chairman opened the meeting.
- 2 Apologies for absence**
Apologies received from R King and J Durden-Moore.
- 3 Declarations of Interest**
There were no declarations of interest.
- 4 Impact of COVID on the community**
Video 5m 38s

Ms K Galvin, Localities Community Hub Lead, Buckinghamshire Council, gave an overview of the work her team had been carrying out and their lessons learnt:

- Ms Galvin was seconded in March 2020 to set up and manage the local support hub. There was a total of 8 support hubs across Buckinghamshire.
- During lockdown 1 150 council staff had been repurposed to support shielding residents. During lockdown 2 12 library staff had been repurposed to make calls to the extremely clinical vulnerable. This had included ringing 300+ residents to ask what support they needed.
- The type of support needed had varied between the two lockdowns. The change in classification from shielding to clinical extremely vulnerable had given vulnerable residents and their households greater flexibility.
- Supermarkets and pharmacies had improved their services and vulnerable residents had benefited from being able to take exercise outside of the home and extend their support bubble where appropriate.
- Support offered had included help with shopping/deliveries, signposting to support groups including foodbanks, and collecting prescriptions. There were no free food parcels offered during the lockdown 2 but emergency food parcels had been available locally.
- The hub had supported those who did not meet the low income threshold for track and trace payments but who were struggling financially using a grant from Heart of Bucks.
- Heart of Bucks directory was a good source of local support from voluntary groups <https://heartofbucks.org/local-coronavirus-resource-directory/>

Video 14m 20s

Ms A Bedlou, Weston Grove Surgeries, gave an update and answered questions. Discussion included:

- The surgery had started to see support requests returning to post lockdown 1 level. This included phone appointments and home visits from the Complex Care team and GPs as appropriate.
- The surgery was using social media to update patients but acknowledged this would not reach all residents. Members of the Board were asked to raise awareness locally.
- Telephone support had had mixed results for older residents. Ms Bedlou encouraged those making visits for other reasons to take some extra time to talk keeping in mind the appropriate guidance.
- The use of face masks caused difficulty for those with hearing impairments. Ms Bedlou advised it was more helpful to make use of social distance and increased ventilation to speak without a mask where possible rather than shouting.
- There had been an increase with issues linked to housing including homelessness, anti-social behaviour (ASB), domestic violence, suitability of accommodation, relationship breakdowns and strain relationships between older couples. The surgery were working with Prevention Matters, P3, and Housing Matters.
- The surgery had started to get information from NHS England regarding the

vaccination programmes but a lot was still unknown at this time.

Video 30m

Inspector S Lincoln, Thames Valley Police (TVP), gave an update and answered questions. Discussion included:

- Inspector Lincoln had joined the local neighbourhood team in May 2020.
- Initially covid enforcement had focused on engaging and educating with a recent move towards enforcement.
- TVP continued to work with Buckinghamshire Council identifying persistent breaches both commercial and by members of the public.
- TVP response was lead by reporting and Inspector Lincoln welcomed feedback from local people which acknowledging it could be frustrating not to see immediate results. His team were looking into ways to keep local neighbourhoods better updates.
- The team were aware of ASB on the Princess Mary/RAF estate, Wendover which focused on young people including the mis-use of vehicles and drugs. There had been an increased of PSCO and PC visibility and collaboration with the the RAF police. This would be an ongoing operation.
- Inspector Lincoln was confident that officers were able to operate safely both on the street and within back office settings.

Video 40m

Ms S Mansfield, Young Carers (YC), gave an update and answered questions. Discussion included:

- Covid had had a far-reaching impact on their young carers with a huge increase in anxiety levels.
- An outreach project worked to address concerns young people had around going back to school especially year 7 students who had missed out on the normal support moving into secondary school.
- YC worked with schools but had not been able to deliver face to face or group work in all schools due to differences in their approach to covid. YC operated a voluntary gold/silver award for schools who worked with them. Locally John Collet had a gold award and Wendover Junior had recently started to work towards an award.
- YC had trialled a number of different online engagement methods but had seen engagement start to drop off likely due to Zoom fatigue.

Video 47m

Ms E Hopkins, National Energy Foundation, gave an overview of the charities work, and answered questions. Discussion included:

- National Energy Foundation were a Milton Keynes charity running a project called Better Housing, Better Health, aimed at supporting Buckinghamshire residents living in fuel poverty,
- They were able to give a tailored approach and provide information on fuel efficiency and support to access grants. Their Warm Home project spreads the importance of keeping warm to avoid underlying respiratory conditions that may exacerbate covid.

- £49 energy vouchers had been made available due to a grant. This were being distributed directly and through food banks.
- The charity were able to provide staff training to help people identify those in fuel poverty.
- The charity was very interested in building relationships with partners, such as the community board, who could help them spread their message.

Video 53m 49s

Mr D Hall Wendover Good Neighbours, gave an update and answered questions.

Discussion included:

- The group had 150 wardens support vulnerable people in the village.
- Deliveries from Budgens had now stopped as demand for this and prescription pick up had decreased.
- They were working with Wendover Parish Council to set up a Care Committee focusing on making information on support easier to access, particular for residents not using the internet. They were hoping to publish a paper and digital newsletter in January 2021.
- The group would also be investigating the potential need for hot food provision in the medium term to support residents through Brexit and the end of the furlough scheme.

ACTION: Ms Parker would arrange for relevant officers to give an update on homelessness to the Board.

5 HS2 Update

Video 1h 1m 18s

Kim Birtwistle, Senior Engagement Manager, EKFB, and David Griffiths Howard, Head of Engagement, EKFB, gave an update and answered questions. A copy of the presentation would be appended to these minutes. Discussion included:

- EKFB were a contractor covering from Great Missenden to Calvert.
- They could be contacted with requests for community support, they had staff volunteer time and looking for ideas on how to give back locally.
- Residents could sign up for local updates at www.hs2inbucksanddox.co.uk.
- HS2 Helpdesk and contact numbers could be found in the presentation.

RESOLVED

Member of the Board noted the update.

6 Strategic Infrastructure

Video 1h, 20m, 58s

Ms J Thornton, Head of Highways Development Management, Buckinghamshire Council and Mr D Tester answered questions. Discussion included:

- The Highway Development teams statutory function was to assess live planning applications. Investigating the impact on local transport, how the impact can be mitigated and supporting sustainable growth.

- Ms M Simons, Weston Turville Parish Council (WTPC):
 - Dropped curbs with cobbled sets on top of the Marroway joining the roundabout and the cycle path were causing accessibility issues for mobility scooters. WTPC had struggled to find the responsible party. Ms Thornton would investigate responsibility and the possibility of remedial work as part of the Hamden Fields S106 agreement.
 - Brook End, Weston Road and Marroway had pathways in need of repair. Transport for Bucks (TfB) had previously responded to say they did not meet criteria for repair. Would be raised with TfB again by the Highways DM team.
 - The new development at Worlds End Lane was to have provide traffic mitigation via a 30mph speed limit but Thames Valley Police (TVP) say they would not support the proposal. Mr Tester would meet with WTPC outside of the meeting to discuss alternatives.
- Ms S Cotton, Bierton Parish Council (BPC):
 - Regarding the Eastern Link Road (ELR) A418 junction from Wing it was felt the flow of traffic still encouraged road users to go straight on through Bierton. Mr Tester explained that ELR was not formally open and as the link road project progressed full signage and traffic calming would be installed in Bierton. BPC would be involved in the decision-making process in line with the relevant s106 agreements.
- Mr B Chapple, Aston Clinton Parish Council (APC):
 - Concerns were raised over the speed of traffic from where the Woodlands development met the Tring Road roundabout up to Windmill Terrace. Mr Tester confirmed the current trigger for traffic calming in the area, as included in the Hamden Fields and Woodlands s106 agreement, was the opening of the link road. However, negotiations were underway to bring this requirement forward when the applications were resubmitted.
- Mr T Skeggs and Ms J Hunt, Stoke Mandeville Parish Council (SMPC):
 - Were the Development Management team able to reject an application due to overwhelming traffic numbers? Ms Thornton confirmed they could recommend refusal based on capability/congestion and road safety.
 - Concerns were raised about congestion and through travel including reaching the link road and onward travel to High Wycombe, Oxford etc. It was acknowledged that congestion in the area would increase in the short term as it was necessary to raise the funds through s106 before mitigation could begin. A planning application was expected to be reach the Planning Committee around February 2021.
 - Joint working was underway regarding joining the HS2 relief road to the network.
- Mr B Johnson, Halton Parish Council (HPC):
 - Halton RAF Base was due to close in 2025 with at least 1000 new homes expected by 2033 as per the Vale of Aylesbury Local Housing Plan. When would traffic flow analysis start to be considered? Mr Tester explained this would be considered, including discussion with

parishes, as applications were made. Developers would need to use the Buckinghamshire Strategic Traffic Model when development their applications.

- Ms M Parker,
 - The Board had Infrastructure funding of £489k available. A subgroup would be formed to look at future applications. Ms Parker invited applications from board members.

ACTION

Mr Tester would meet with Weston Turville PC to discuss mitigated for the Worlds End Lane development.

ACTION

The following issues would raised with TfB by the Highways DM team:

- **Dropped curbs on the Marroway, Weston Turville.**
- **Path way repair at Brook End, Weston Road and Marroway, Weston Turville.**

7 Community Matters

Video 2h, 2m, 36s

Michelle Parker, Buckinghamshire Council, referred to document which she would circulate to members of the board. A copy of would be appended to these minutes.

8 Neighbourhood Matters

Video 2h 5m

No questions were submitted in advance for discussion.

Name of the community board

Members of the board wanted a more inclusive name acknowledging the inclusion of more than Wendover. Suggestions included:

- Wendover area
- Wendover and surrounding villages
- Wendover and district
- WSMH (Wendover, Stoke Mandeville, Halton.
- Bierton and Aston Clinton to be included in the name.
- Chiltern

Edge

ACTION

Voting to be carried out offline due to broadband issues.

9 Fund Applications

Video 2h 13m

Two applications where presented for consideration. Applications were shared with members of the board ahead of the meeting.

Bierton Parish Council, £440, for a community care package/hamper in place of the normal lunch club for older/vulnerable residents.

Lindengate, £26,540.40 Nature-based wellbeing and resilience programmes for 13-18 year olds. Lindengate were on hand to give an overview of the projects and answer questions.

- Lindengate aimed to run two programmes:
 - #You – targeting 16-18 year olds. 12 participants for 6 weeks with a total of 4 courses.
 - Planted – targeting 13-15 year olds. 6 participants for 6 weeks with a total of 4 courses.
- A local need had been identified and pilots carried out using John Collet school students had been positive.
- Lindengate hoped to be able to continue offering these courses on an ongoing basis dependant on local need. This may include future applications to the community board.

ACTION

Ms Parker would work with Lindengate to ensure the application fully reflected the number of sessions and participants to be provided for prosperity.

RESOLVED

The Board AGREED the Lindengate application.

RESOLVED

The Board AGREED the Bierton Parish Council application.

10 Minutes of the last meeting

RESOLVED

Members of the board AGREED the minutes of the meeting 1 October 2020 were an accurate representation.

11 Date of Next Meeting

16 March 2020, 7pm

Further details to be confirmed.

Climate Change & Air Quality Strategy + Tree Planting Programme

Update to Community Boards and Sub-Groups

Strategic Approach

- Central to the Strategy is recognising the different roles the Council can play in addressing climate change. These roles are principally driven by our relationship to the emissions source
 - **Direct Control:** such as in our buildings – we can take direct action to reduce emissions (e.g. by installing more solar panels)
 - **Financial / Regulatory Role:** for example using our local planning powers to reduce emissions from new developments.
 - **Enabling Change:** for example by providing electric vehicle charging infrastructure.
 - **Inform and Influence:** for example by raising public awareness of climate change and air quality issues.

Range of Actions

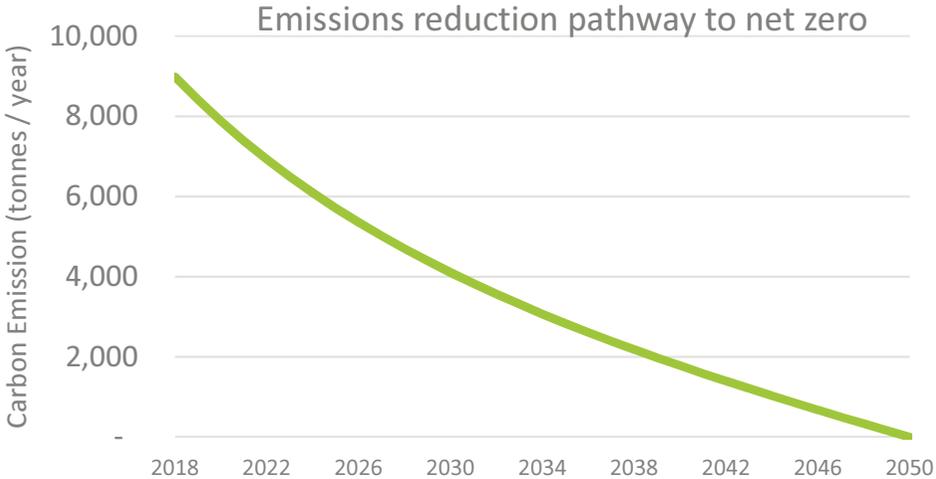

- The strategy contains 60 actions to address climate change covering the council's direct emissions, those of suppliers and partners as well as Buckinghamshire wide emissions.
- Examples include:
 - A large scale tree planting programme across the estate for over 543,000 trees – one for every resident of Buckinghamshire.
 - Help communities address climate change and air quality, including through Community Boards
 - Improve infrastructure for active travel (such as walking and cycling) and electric vehicles.
 - Review the council's fleet and develop proposals to reduce emissions from its operation.
 - Use opportunities coming out of changes to national planning policy to enhance environmentally sustainable aspects of developments.

Emissions Reduction Targets

- We have set ambitious but achievable carbon reduction targets for 2030 and 2040, on our way to reaching net zero by 2050
- We have had to estimate our 1990 emissions in order to allow these to be compared to the UK’s national targets (which are based on 1990 emissions)

Page 14

| | Compared to 1990 |
|------|------------------|
| 2030 | At least 75% |
| 2040 | At least 90% |
| 2050 | 100% (net zero) |

Tree Planting

- We have committed to planting 543,000 trees in a 10 year long programme – one for every Buckinghamshire resident.
- This will require over 200 hectares of land; 1 hectare can absorb 300-400 tonnes of CO₂ after 30 years.
- This programme will absorb over 60,000 tonnes of CO₂ from the atmosphere and will help us achieve 'net zero' emissions.
- The planting of new forests will provide multiple benefits beyond the carbon they absorb including supporting biodiversity gains, flood alleviation and amenity access for the public.

Outline Capital Programme

- An outline programme of measures has been developed which will reduce emissions from across the council's activities and are central to how we will reach net zero emissions
- As an outline programme, pre-detailed business case development, we expect the precise costs and carbon savings to vary as these projects are developed.

Page 16

| | Salix (Loan) | Climate Change Fund (£5m) | Grants | Total Val |
|--|---------------|---------------------------|---------------|---------------|
| Building Measures | £0.70m | £0.35m | - | £1.05m |
| Solar Car Ports | £0.60m | £0.34m | - | £0.94m |
| Street Lighting | £1.80m | - | - | £1.80m |
| Fleet | - | £0.60m | £0.20m | £0.80m |
| Tree Planting | - | £2.50m | £1.80m | £4.30m |
| Capital Total | £3.10m | £3.79m | £2.00m | £8.89m |
| Tree planting – revenue costs (e.g. maintenance) | | £0.79m | | £0.79m |
| Total Spend | | £4.58m | | £9.68m |
