

## Community Boards

# South West Chilterns Community Board agenda

Date: Wednesday 8 February 2023

Time: 6.30 pm

Venue: Bourne End Library, Wakeman Road, Bourne End, SL8 5EX

### **BC Councillors:**

D Barnes (Chairman), A Collingwood, P Drayton, C Heap, D Johncock, S Kayani, N Marshall (Vice-Chairman), Z Mohammed, J Towns, M Turner, D Watson and S Wilson

### **Town/Parish Councils and other organisations:**

Fawley Meeting, Great Marlow Parish Council, Hambleden Parish Council, Hedsor Meeting, Ibstone Parish Council, Lane End Parish Council, Little Marlow Parish Council, Marlow Town Council, Marlow Bottom Parish Council, Medmenham Parish Council, Turville Parish Council and Wooburn and Bourne End Parish Council

### **Webcasting notice (if the meeting is taking place online)**

Please note: this meeting may be filmed for live or subsequent broadcast via the council's website. At the start of the meeting the chairman will confirm if all or part of the meeting is being filmed.

You should be aware that the council is a data controller under the Data Protection Act. Data collected during this webcast will be retained in accordance with the council's published policy.

#### Councillors

By taking part, you are consenting to being filmed and to the possible use of those images and sound recordings for webcasting and/or training purposes.

#### Members of the Public

If members of the public do not wish to have their image captured during the meeting, they can switch off their camera.

If you have any queries regarding this, please contact the monitoring officer at [monitoringofficer@buckinghamshire.gov.uk](mailto:monitoringofficer@buckinghamshire.gov.uk).

If you would like to attend a meeting, but need extra help to do so, for example because of a disability, please contact us as early as possible, so that we can try to put the right support in place.

For further information please contact: Makyla Devlin (Community Board Co-ordinator) on 07932 240072, email Makyla.Devlin@buckinghamshire.gov.uk.

# South West Chilterns Community Board minutes

Minutes of the meeting of the South West Chilterns Community Board held on Wednesday 16 November 2022 in Via MS Teams - commencing at 6.30 pm and concluding at 8.20 pm.

### **BC Councillors present**

D Barnes (Chairman), P Drayton, C Heap, N Marshall (Vice-Chairman), Z Mohammed, J Towns, M Turner, D Watson and S Wilson

### **Town/Parish Councils and other organisations present**

Cllr A Crabtree and Cllr K Acres, Little Marlow Parish Council, Cllr R Scott, Marlow Town Council.

### **Others in attendance**

S Bambrick (Buckinghamshire Council), M Bersh, M Bewley (Arc PCN), H Blatchly (Parkwood Healthcare), S Coles, M Devlin (Buckinghamshire Council), O Elliott (Transition Town Marlow), A Foister (Longridge Activity Centre), M Fraser, J Laker (Marlow Energy Group), L Lorente (Transition Town Marlow), Dr P MacDonald (Arc PCN), H Mee (The Clare Foundation), J Sambrook (Dementia Action Marow), A Simone (Trading Standards), N Surman (Buckinghamshire Council), S Taylor (Buckinghamshire Council) and Dr S Winchester (Buckinghamshire Council).

## Agenda Item

### **1 The Chairman's Welcome**

The Chairman, Councillor Dominic Barnes, welcomed everyone to the meeting and emphasised that the Community Board (CB) was the 'voice' for the area. The Chairman explained that a large amount of work and actions were carried out by the action groups and the community board meetings were held to circulate the outcomes. The meetings were themed; the meeting in July concentrated on the Ukrainian guests in the area and the theme for this meeting was health and wellbeing.

### **2 Apologies for Absence**

Apologies for absence were received from Councillors Alex Collingwood, Jocelyn Towns, David Johncock and Sophie Kayani; Lorna Coldwell, Hambleden Parish Council; Emma Hawkins, Marlow Wombles; Geoff Pegg, Wycombe District Neighbourhood Watch; Jacqueline Ford, Buckinghamshire Council; Annie Roy-Barker; Councillor Sue Wagner, Wooburn Green and Bourne End Parish Council and

Anna Ditta, Buckinghamshire Fire and Rescue Service.

### **3 Declarations of interest**

Councillor Stuart Wilson declared a personal interest as his wife worked for the Arc PCN (Bourne End and Wooburn Green Medical Centre).

### **4 Notes of the last meeting**

**Resolved:** The minutes of the meeting held on 13 July 2022 were **agreed** as an accurate record.

### **5 Buckinghamshire Council Public Health Update**

Cllr Zahir Mohammed, Deputy Cabinet Member for Public Health and Ward Member for Chiltern Villages, stated that, as part of the health agenda, the meeting had a health and wellbeing theme to gain an understanding of what could be carried out to address the health inequalities in the South West Chilterns CB area.

Dr Sarah Winchester, Public Health Consultant, provided a presentation, appended to the minutes. Sarah explained that health was determined by a range of factors and that only approximately 25% was attributed to the NHS/healthcare system. Other things were important e.g., the social and economic environment contributed to approximately 50% of people's wellbeing. Public Health moved from the NHS into the local authority in 2013 but still worked closely with the NHS. There was a [Health and Wellbeing Strategy](#) which had three key themes; obesity and physical activity; cardiovascular disease (CVD) and mental health. The Health and Wellbeing Board (HWB) involved the Council, NHS, Healthwatch and the voluntary sector.

The Director of Health Annual Report 2022 was entitled 'Hearts and Minds' and covered heart disease prevention, stroke and dementia in Buckinghamshire. CVD caused 1 in 5 deaths in Buckinghamshire and most could be prevented.

[Community Board profiles](#), specific to each board, were being refreshed and provided a large amount of local information. Sarah highlighted that the CB profile webpage contained [recommendations](#) for initiatives which could be carried out to address the issues. The meeting attendees were encouraged to be advocates for the recommendations and Sarah emphasised that feedback was welcome. Please visit the [webpage](#) for information on how to become involved.

The number of flu cases was rising and Sarah stressed the importance of having the flu vaccination. Over 177,000 flu vaccinations had been carried out in Buckinghamshire with a good uptake in the over 65s; 2-3 year olds were more vulnerable to flu and an increase in the number of children vaccinated was encouraged.

The number of covid cases was also rising but not translating into hospital admissions. 66% of the population in the SWC CB area had received the seasonal booster which was above the county average. The list of vaccination sites was available [here](#) along with the link to the [national booking system](#).

The Chairman thanked Sarah for attending the meeting.

## **6 An Introduction to Arc PCN and how networking might improve our community's health**

Dr Penny MacDonald, Managing Partner of the Marlow Medical Group; Accountable Clinical Director for Arc Primary Care Network (PCN), GP and Chair of FedBucks, provided a presentation, appended to the minutes. Dr Macdonald explained that Arc Bucks PCN believed that a healthy, thriving community improved health and wellbeing. People that had a connection to their community were often empowered and had more control over their health and lives which built resilience.

The Social Prescribing team were working hard mapping local groups in the community, adding these to the directory of services on their website and actively passing on that knowledge to the local community.

The Social Prescribers ran 10 Talking Cafés a month, including four regular weekly Cafés that were in the heart of the communities they served. These cafés were drop in Cafés that social prescribers referred into and were also open to the wider public. Many things were discussed at the Cafés and friendships formed, often leading to individuals joining other groups together.

Arc Bucks PCN had over 100 Community Connectors including South Bucks Paramedics, local police, nurses, and the general public. The feedback received was “we never knew that there was so much out there”. The community connectors were informed members of the community who could signpost with confidence and knew what assets there were in their local community.

If everyone knew what was out there and worked together it would create a supportive community where everyone was an included valued member, this in turn could lead to volunteering opportunities and peer support.

Arc PNC would be grateful for support in spreading this important message across the constituencies.

**Action: All**

The Arc Bucks PCN ran Community Connector training on a regular basis to spread this message and would be delighted to invite you to join them on their journey to reach as many people as possible. [Community Connector Training - Arc Bucks PCN](#)

Arc PCN were also looking for individuals with knowledge, who may wish to help Map what local offers were available to add to their increasing Directory of services. To find out more, visit their website [Home - Arc Bucks PCN](#), Email; [Communications@ArcBucksPCN.org](mailto:Communications@ArcBucksPCN.org) or Call 01628 405518.

The following key points were raised in discussion:

- Michelle Bewley, Community Development Lead, advised that it was possible to sign up to Community Connector events via [‘Event brite’](#).
- Any suggestions for advertising/attending an event that would attract an audience would be gratefully received.
- The biggest challenge for the PCN was in recruiting and retaining staff, particularly GPs. Dr MacDonald stressed the importance of keeping the directory up to date and having the right people trained to be able to signpost residents and, in turn, reduce the workload on the NHS.
- In response to a question on whether the success of the programme could be measured, Dr MacDonald advised that it was based on a model carried out in Frome which had seen a reduction in non-elective hospital admissions. Dr Winchester added that loneliness levels had increased since the pandemic and that work would be carried out in Buckinghamshire to reduce the levels.
- Michelle confirmed that the PCN was aware of the Bucks Online Directory but the PCN Directory of Services came from a different angle and was a local resource.

The Chairman thanked Penny and Michelle for their contribution to the meeting and the community.

## **7 Live Well, Stay Well**

Hannah Blatchly, Service Manager for Live Well, Stay Well (LWSW), Parkwood Healthcare, provided a presentation, appended to the minutes. Hannah explained that LWSW was a single point of access for healthy lifestyle referrals. Digital support or face to face appointments were available for the many services on offer which included losing weight, getting more active, stopping smoking, healthy eating, alcohol reduction, children’s healthy weight etc.

NHS Healthchecks for those aged between 40-74, without an existing health condition, were delivered within GP surgeries. Parkwood Healthcare were commissioned to provide [NHS Healthchecks](#) at outreach locations e.g., libraries, community centres etc. If anyone had other location suggestions for NHS Healthchecks, please contact Hannah - [hannah.blatchly@nhs.net](mailto:hannah.blatchly@nhs.net).

Referrals could be done [online](#) by a professional or a resident could self-refer by clicking on ‘register’. Alternatively, phone 01494 490444. Text ‘SMOKE’ to 60777 for help with stopping smoking, or text ‘CHECK’ to 60777 for a NHS Healthcheck. Contact would be made within 48 hours.

The Chairman thanked Hannah for her presentation.

## **8 Scam Awareness**

Aldo Simone, Bucks and Surrey Trading Standards, provided a presentation, appended to the minutes. Aldo advised that Trading Standards prevented and safeguarded vulnerable residents from scams and supported scam victims. Trading Standards worked in partnership with several other organisations to raise awareness. Surrey Trading Standards provided an online training programme called

'SCAMChampion training' which trained people to give a presentation to people in their community.

There were many different types of scams which were differentiated by the way in which the criminal contacted the victim. Once the fraudster had had a successful contact, the victim may be repeatedly targeted if the target facilitated the fraud to continue. Several examples of scams were shown and the points to check were highlighted. The main crux of the message was that links in any form of contact e.g., text, email, social media etc should not be clicked on; stop and think before responding to any random contact. The level of sophistication was increasing and emails/messages appeared legitimate but when checking the sender's email address, it was slightly different. Trading Standards had seen a change in the type of scams; moving away from mail and doorstep and moving more to email, text message and social media.

'True call', a call blocking device could be loaned to residents who had been subjected to nuisance phone calls; contact Trading Standards to request one. Video doorbell cameras were available; their presence could often prevent fraudsters approaching. Sticker packs were also available to deter traders; the benefit of a sticker was that it was legally enforceable, whereas 'no doorstep selling' zones did not carry the same legal weight. Aldo stressed that residents should not accept random offers of financial help; they should always go to a bank or the Citizens Advice Bureau for financial advice.

The following key points were raised in discussion:

- The Chairman highlighted that there was a scam circulating regarding registering a credit card to pay for a covid test.
- Contact Makyla Devlin, Senior Community Board Manager, if you would like to receive door stickers.
- In response to a query on whether the door stickers provided enforcement against 'Nottingham Knockers', Aldo explained that anyone going from door to door should have a Pedlar Licence. Any incidences of people door knocking without a licence should be reported to the Police. It had been found that there was sometimes an uptake in the number of burglaries in locations where Nottingham Knockers had been active.
- It was noted that some housing associations/estates did not allow tenants to install video door cameras. Aldo advised that sometimes just a sticker saying that CCTV was in operation was enough of a deterrent.
- Aldo confirmed that one of the main roles of Trading Standards was to provide individual support to victims of fraud. Contact should be made with Aldo or Pei Harper or the Trading Standards Response Team - [trading.standards@surreycc.gov.uk](mailto:trading.standards@surreycc.gov.uk), [aldo.simone@surreycc.gov.uk](mailto:aldo.simone@surreycc.gov.uk), [PeiLing.harper@surreycc.gov.uk](mailto:PeiLing.harper@surreycc.gov.uk)

The Chairman thanked Aldo for attending and invited him back next year.

## 9 Community Matters

**Buckinghamshire Council Update** – Steve Bambrick, Service Director for Planning and Environment and Community Board Champion, highlighted the following:

- The ‘Helping Hand’ team at Buckinghamshire Council were available to provide advice and support to those experiencing financial hardship; contact via the [online contact form](#) or phone 01296 531151. A range of Information was available on the [Council website](#) in relation to the cost of living. Central government was also providing a support package – information available [here](#).
- The Council libraries would be used as a ‘Welcoming Space’ for anyone and would provide a warm, welcoming and supportive space for anyone who needed it. Everyone would be looked after with dignity and respect.
- The new highways maintenance contractor from April 2023 would be Balfour Beatty. 58 projects had been agreed but not completed. 22 were rated as green and should be completed before the handover, 10 were rated as amber and were ready for the new contractor to take forward. 26 projects were rated red and would be reviewed. There were another 55 projects on which a decision needed to be made. All the community boards had been asked to keep schemes on hold until the new contractor was in place and there was more clarity around the new process.
- Support for the Ukrainian guests was ongoing; there were 700 hosts accommodating 1200 Ukrainian guests in Buckinghamshire. Sponsor arrangements were coming to an end and the Council was working closely with the Government to manage the impacts for the Ukrainian guests and the residents. It was likely that the numbers would continue to rise.
- The [Local heritage listings](#) was a new initiative in the Council and a phase one local list would be coming out in December. Anyone could nominate important assets in the county.

The following key points were raised during discussion:

- John Laker, representing Marlow Energy Group’s Solar Together project enquired about future funding. Steve agreed to check and provide a response to John.  
**Action:** Steve Bambrick
- Olwen Elliott enquired about the status of two projects. Steve offered to contact Olwen for the details and to provide a response.  
**Action:** Steve Bambrick
- Makyla Devlin requested that any queries related to the Westhorpe project be directed through Councillor Mark Turner.
- Steve agreed to provide the community board with a list showing the rating of each project.  
**Action:** Steve Bambrick

**Funding Update** - The Chairman advised that £21,469 remained in the CB budget for

2022/23 and requested committee members spread the word that funding was available. Match funding was required for any funding requests and all bids were to be submitted by 31 January 2023.

The **Proud of Bucks** awards highlighted local heroes and the chairman thanked the Clare foundation for sponsoring and supporting the scheme. A similar event would held next year and nominations could be submitted between 9 January and 12 February 2023.

#### **Any Other Business**

Makyla advised that the swimming pool at Court Garden Leisure Centre would be closed from 12-18 December 2022 in order to correct an issue with the pool liner.

With reference to the Environment and Climate Change action group report, Councillor Carol Heap confirmed that Sandygate School was in the process of preparing a funding application for a solar system to be installed.

The Chairman thanked all the contributors and wished everyone a happy Christmas.

- 10**     **Date of the next meeting**  
8 February 2023.

This page is intentionally left blank

## **An update for Community Boards from Buckinghamshire Council (Issue 1 2023 – January 2023)**

### **Local Heritage Listing**

Using government funding, the council has developed a Local Heritage List to protect some of the most important heritage sites in the county that contribute to the local character of Buckinghamshire.

The Local Heritage List identifies locally significant heritage sites and celebrates their contribution to local identity and character. These sites include historic buildings (houses, chapels, agricultural and industrial buildings), archaeological sites (upstanding earthwork remains and buried sites), formal gardens, public open spaces, public works of art, monuments and street furniture.

Sites were nominated by local communities and council staff and evaluated by the council's heritage and archaeology team with volunteers also working on the project.

The Local Heritage List is different to statutory listing and designations (e.g. Grade I, II and II\* Listed Buildings, Scheduled Monuments, and Registered Parks and Gardens), which are assessed nationally by Historic England.

Assets on the Local Heritage List will be recognised and considered in any future planning applications, helping to protect local heritage assets for future generations to enjoy.

There have been more than 2,653 nominations for inclusion on the list and 771 of these sites are now being brought forward for adoption in Phase 1, with the rest being assessed for Phase 2.

To view a list of nominated sites, please visit the [Buckinghamshire Local Heritage List website](#).

### **ORCS funding for EV charge locations**

After successfully securing £407k from the [Office for Zero Emission Vehicles](#) (OZEV) via their [On-Street Residential Chargepoint Scheme](#) (ORCS), the council will now be installing 128 new EV parking bays in 16 of its car parks across the county – with work being completed by April 2023.

We are now looking for other opportunities to broaden the public charging network in local town and village community car parks in Buckinghamshire.

Our aim is to submit a combined bid to the On-Street Residential Chargepoint Scheme (ORCS) in March 2023, to provide the funding for this initiative. We will work alongside town and parish councils to assess what type of chargepoint might be suitable for each site, calculate the cost of installation and the power connection costs, and liaise with EV chargepoint

suppliers on behalf of town and parish councils. We can also help to procure and manage the installation.

Find out more about [Buckinghamshire Council's 5-year Action Plan](#) to support the transition of the county to EVs.

## **Local Plan update – sites to be published following call for sites**

Following the 'Wider' call for sites last year, over 700 sites have been submitted for consideration as land for possible future development within Buckinghamshire. Our previous calls for brownfield sites resulted in 300 sites being suggested. An interactive map showing these has now been published at [Brownfield CFS 2021-22 \(arcgis.com\)](#)

A list of other sites which have been submitted as part of our wider call for sites will be available in the coming weeks. Officers have now started the process of evaluating each of the sites against the criteria of suitability for their chosen use, availability and deliverability over the plan period to 2040.

Work has commenced on an Employment and Retail Evidence Study and a Sustainability Appraisal Scoping Report (we expect to consult with the relevant statutory bodies on this shortly). We are in the process of appointing consultants for several other studies which are needed to inform the plan.

We are currently working to set out the overarching vision and objectives for the Local Plan for Buckinghamshire which will shape our work going forwards. In accordance with good practice on community engagement, the team is working on a forthcoming public consultation which will enable people to comment and give feedback on the draft Vision and Objectives.

## **Visitor Economy survey**

Buckinghamshire Council has launched a new Tourism Survey which will help to shape the future of Buckinghamshire's visitor economy sector. The council is inviting input from residents, businesses and key stakeholders which it will use to help identify new opportunities and to support the future growth of the visitor economy across Buckinghamshire.

The survey will be an important contributor to a Visitor Economy Strategy currently being developed by Buckinghamshire Council and its partners. The strategy itself will aim to identify how Buckinghamshire can build on the opportunities within its visitor economy with a view to supporting businesses and creating jobs.

The survey findings will be used to get a better understanding of where to focus support for the sector and explore what tourism businesses see as their main challenges and opportunities now and in the future.

Tourism is an important part of our local economy, as visitors spending their time and money in Buckinghamshire support more than 13,000 local jobs and over 2,000 small businesses.

Responses from the survey will be used to develop a strategy and action plan which will help the tourism sector in Buckinghamshire to flourish and grow, supporting local jobs, workers and industries into the future.

The survey is live now and will be running until 17 February 2023. Buckinghamshire residents, business owners and other tourism stakeholders can complete the survey [here](#).

### **Current and upcoming consultations**

As well as the Tourism Survey, take a look here to view other current consultations:

#### **Buckinghamshire Council consultations**

Current consultations and surveys from Buckinghamshire Council are available to view on our website <https://yourvoicebucks.citizenspace.com/>

Where appropriate, we also list NHS consultations and surveys as well.
