

## Wing & Ivinghoe Community Board agenda

Date: Thursday 13<sup>th</sup> October 2022

Time: 7:00 pm

Venue: Main Hall, The Cottesloe School, Aylesbury Rd, Wing, Leighton Buzzard LU7 0NY

### **BC Councillors:**

A Bond (Chairman), D Blamires, P Brazier, P Cooper, C Poll, D Town

### **Town/Parish Councils:**

Aston Abotts PC, Cheddington PC, Creslow PC, Cublington PC, Edlesborough Dagnall and Northall PC, Hardwick PC, Ivinghoe PC, Marsworth PC, Mentmore PC, Pitstone PC, Slapton PC, Watermead PC, Weedon PC, Whitchurch PC, Wing PC, Wingrave and Rowsham PC

If you would like to attend a meeting, but need extra help to do so, for example because of a disability, please contact us as early as possible, so that we can try to put the right support in place.

For further information please contact: Katrina Holyoake (Community Board Co-ordinator) on 01296 383970 / 01296 585234, email [democracy@buckinghamshire.gov.uk](mailto:democracy@buckinghamshire.gov.uk).

# Wing & Ivinghoe Community Board minutes

Minutes of the meeting of the Wing & Ivinghoe Community Board held on Wednesday 16 February 2022 in MS Teams, commencing at 6.30 pm and concluding at 8.07 pm.

### BC Councillors present

A Bond (Chairman), D Blamires, P Brazier, P Cooper and C Poll

### Town/Parish Councils and other organisations present

R Blacklock (Hardwick), B Brassington (Resident), P Brazier (Bucks Council Councillor), T Burch (Public Health Practitioner), C Cohen (Marsworth), L Cunningham (Public Health Registrar), S Jones (Headteacher Cottesloe School), C Lincoln (Whitchurch), C Lister (Resident), J McAteer (Service Director Bucks Council), R McCarthy (Resident), K Parnell (Resident), M Perry (Whitchurch), N Russon (Resident), N Shardlow (Watermead Clerk), M Stokes (LEAP), L Tabiner Crush (Wing), L Tring (Wing)

### Agenda Item

#### 1 Chairman's Welcome

The Chairman welcomed everyone to the meeting.

#### 2 Apologies

Apologies were received from Penny Pataky.

#### 3 Minutes

The Minutes of the meeting held on 19<sup>th</sup> October 2021 were approved as a correct record.

#### 4 Declarations of Interest

There were no declarations of interest.

#### 5 Public Health Presentation on Wing and Ivinghoe Board Profile

Public Health Speciality Registrar Lucy Cunningham and Public Health Consultant Tiffany Burch gave an overview of the health and wellbeing of residents in the Community Board Area. Their presentation highlighted key indicators for public health, in particular:

- Higher life expectancy for men (82.7 years) than the Buckinghamshire average (81.8)
- Lower life expectancy for women (84.6 years) than the Buckinghamshire average (85.1)

- Slightly higher low birth weight babies born (7.9%) than the Bucks average (6.8%)
- Higher overweight or obese children in year 6 (34.5%) than the Bucks average (31.1%)
- Lower levels of physical inactivity in adults (18.4%) than the Bucks average (20%)
- 45% of residents who were eligible for an NHS health check had done so

The presentation also highlighted three key recommendations to improving the health and wellbeing of residents in the Community Board Area. These included:

- Preventing Cardiovascular Disease (also a top priority of the Integrated Healthcare Partnership)
- Supporting residents to stop smoking
- Improving Mental Health/Tackling Social Isolation

Finally, the presentation suggested ways in which these recommendations could be taken on board and addressed by the Community Board:

- Fund the Active Movement Programme in schools
- Support the Grow it, Cook it, Eat it scheme
- Set up a Grow to Give scheme
- Make local parks and playgrounds smoke free
- Organise local Make Every Contact Count (MECC) training
- Fund Healthy Ageing projects
- Support schools to deliver a wellbeing service day for pupils and staff

These suggestions could be taken on board and interpreted by members of the Community Board as would best suit their areas using their local knowledge and connections.

Following questions from Members, the following points were made

Lucy confirmed that 'physical inactivity' for adults would constitute falling below 150 minutes of moderate activity per week, or 75 minutes of vigorous activity each week. This data was taken from the health survey for England. Activities such as walking were a particularly accessible form of enjoyable exercise.

Supporting schools with initiatives such as a 'daily mile' or 'walk to school' initiative would be a good way to address the issue of overweight and obese children in Primary Schools. It was important to ensure that the children were consulted and engaged with any projects and initiatives put in place to stand any chance of being sustained. Bucks council was appointing a Participation Manager who would facilitate and develop existing networks to include youth voice representation, including possibly on Community Boards.

Tiffany did not have specific information related to the funding-split for the Integrated Care Board as this was at an NHS level and not part of the public health

remit at a local level, however it was normally funded based on population numbers and an element of need. Members were encouraged to invite NHS representatives to attend a future meeting to explain further. There had been an increase in the Public Health Grant in the region of 2.8%.

Katrina would catch up with Councillor Poll following the meeting to discuss proceeding with the wildflower planting project and confirmed that it had been funded and an award letter had been sent to Wingrave and Rowsham Parish Councils.

Members thanked Lucy and Tiffany for their time and presentation. Anyone seeking further information was encouraged to contact Tiffany at [tiffany.burch@buckinghamshire.gov.uk](mailto:tiffany.burch@buckinghamshire.gov.uk)

The interactive profile plus Public Health's recommendations could be found at: <https://www.healthandwellbeingbucks.org/local-profiles>

## **6 LEAP - Activity and wellbeing partnership presentation**

Mark Stokes gave a presentation to Members highlighting the work done by LEAP to improve the health and wellbeing of residents across Buckinghamshire and Milton Keynes through physical activity and sport. The presentation focused on the Children and Young People Active Lives Report published in December 2021. The details could be found in the slides appended to the Minutes of the meeting.

Following the presentation, the following key points were discussed:

- The decrease in the number of boys engaging in physical activity was mainly due to the sporadic operation of organised sports clubs during the lockdowns as regulations fluctuated.
- The 'Opening Schools Facilities' programme would be entering stage three, which aimed to increase community engagement with schools. 29 schools had been supported by the programme last summer.
- Funding had also been made available to promote physical activity through youth groups as part of the LEAP partnership programme.
- LEAP continued to operate its 'Active Medicine' workshop to increase public awareness of the benefits of physical exercise and activities in accordance with CMO guidelines.

## **7 Funding Update**

Of the £193k budget, £122k had been allocated, with around £67k worth of projects in progress which left around £3k for this financial year. The budget for the next municipal year would be less, however would still be able to achieve positive outcomes for residents.

## 8 Police Update

Inspector James Davies was in attendance to provide an update on the work of Thames Valley Police in the Community Board area. The following points were highlighted:

- Community Board boundaries differed slightly to the boundaries used by the police for Wing and Ivinghoe. There had been 19 residential burglaries committed during the year to date, which was low when compared nationally. Violence with injury had increased by 20 crimes which represented a 44% increase, this was a national trend toward pre-lockdown levels. Thefts of motor vehicle were down 28% in the area.
- There had been an increase in rural crimes, with a particular focus on agricultural premises. These were committed by organised crime groups who would commit offences across the country. Individuals had been arrested and had bail conditions not to enter the county. Since the arrests had been made, no further offences had been committed.
- The neighbourhood policing team covered a wide area, and had resourcing challenges. The national uplift in officers was underway although was a slow process and pressures were expected to continue for the short term.
- The force had to prioritise areas of focus, and often this meant problem parking was not dealt with immediately, although where the police were notified they did attempt to resolve these issues.
- The speedwatch scheme had been updated and was now a centralised system which made the process smoother for any residents interested in setting up their own scheme. The new system had been received positively in Ivinghoe and the speed camera van had been out to problem areas identified through speedwatch.

## 9 Buckinghamshire Council Update

Chris Poll presented the Buckinghamshire Council update. The report in the agenda pack contained full details and the following points were highlighted:

- The Local Government Boundary Commission (LGBC) had decided the number of Councillors in Buckinghamshire should be 98. A consultation was open for residents to provide information on local areas to help the LGBC complete proposals for new ward boundaries. It would close on 4 April.
- The Council was in the early stages of producing its new Local Plan and all members of the community were encouraged to give their views on its development through a public consultation.
- If Board members knew of any residents who may need some extra help to cover food, heating and other essential costs they were encouraged to

contact the Council's Helping Hand team.

- A range of information was available on the Council's website on The Queen's Platinum Jubilee including how to apply for street party road closures. Tree planting was a great way to get involved in Jubilee celebrations and tree planting guidance had also been produced on the Council's website.
- As part of the celebrations the Council was looking to compile a list of the 70 best loved trees and woodlands to celebrate 70 years of her Majesty's service and nominations were invited from each Community Board area. More information could be found on the Council's website.
- There had been recent policy changes to 20 mph speed limits in Buckinghamshire which had held up some Community Board projects to display signage around schools. The new guidance would be circulated by Katrina and Board members were invited to submit questions (**Action: Katrina Holyoake**). Information can be viewed here. The Board would monitor the progress of two cases in Wing and Wingrove where sign only limits were being implemented and an update would be given at the next meeting.

## 10 Community Matters

- The Ivinghoe Area Freight Zone consultation would close on 23 February 2022. Traffic Regulation Order Freight strat consultation closes on 23<sup>rd</sup>.
- The Luton Airport consultation was also live and details could be viewed online. Katrina would share this link with Board Members (**Action: Katrina Holyoake**).

## 11 Date of Next Meeting

The date of the next meeting would be circulated to the Board as soon as it was confirmed. This would likely be around the end of July/early August and it was hoped that a face to face event would be organised in the meantime for April to highlight achievements, projects and celebrate Proud of Bucks awards.

## **An update for Community Boards from Buckinghamshire Council Late Summer (September 2022)**

### **Help in these difficult times**

As we move into autumn there's one issue above all others that stands out and that, of course, is the current cost of living pressures, especially where energy and food bills are concerned.

This is impacting everyone; businesses, residents and particularly those who are already struggling. For some households the prospect of what winter will bring is extremely worrying. Many people are in need now and want to know what extra support is coming in the winter months.

The council is taking a range of actions to help residents with the cost of living and it's a package of support that will continue to develop over the coming months.

The community boards have a critical role to play in this, both in helping to identify areas of need and supporting the provision of help. Work is already underhand looking at how best boards where it is appropriate can help with this work.

### **Support available to those who need it:**

#### **Helping Hand**

The council's Helping Hand team offers advice, help and information to people who need it, including financial help to cover the food and energy costs to households in crisis, as well as helping with paying for other essentials like sanitary items and nappies. The team is available to help individuals or families in need, those on low incomes and those who are experiencing a financial emergency or crisis.

Our Helping Hand programme provides support to local individuals and families who are experiencing financial hardship. They can call the team on 01296 531 151 or use the [online contact form](#). You can read more about the help available on the [dedicated section of our website](#).

The Helping Hand team is issuing Post Office vouchers to some 8,000 pensioners in Buckinghamshire who are in receipt of Council Tax reduction or who have previously been supported by Helping Hand; this will ensure there is support available to those who need it most.

### **‘Welcoming Spaces’**

We will be joining forces with other organisations across Buckinghamshire to create a network of welcoming spaces this winter, to assist when the weather turns colder.

Starting with council libraries, these locations will provide a warm, welcoming and supportive space for anyone who needs it. Anyone who comes in from the cold will be welcomed and will be guaranteed respect, dignity and warmth; the aim is to offer a friendly ear and, overall, to create places that help people save on their heating bills and that also offer advice and support.

This is an example of an area where community boards can play a key role in working within their communities to identify potential welcoming spaces and help set them up.

### **Information and advice**

Our fantastic network of volunteer groups and charity organisations plays a vital role in providing community support and specialist advice and information. We have created a [‘Cost of Living’ section on our website](#) to make it easier to find advice and information. You can also search our [Family Information Service website](#) for more information on the wider support and advice available to any households that need it.

There are a number of great community projects that offer help in different ways. For example, take a look at the [‘Grow It, Cook It, Eat It’ project](#) that the council supports and we have already seen being developed through community boards. This includes a range of initiatives that help with the cost of food, ensure food isn’t wasted and has a number of health and environmental benefits. Local initiatives like this play a vital part in the overall general support available to residents who need a helping hand.

There is also the support on offer from central government this winter. This is the current package:

- Eligible residents in receipt of disability benefits will receive a £150 cost of living payment from 20 September.
- All households in Great Britain will receive a £400 discount on their electricity bills this winter, applied in six monthly instalments, automatically coming off bills, starting in October.
- In addition to this, households on means tested benefits including Universal Credit, Pension Credit and Tax Credits will receive a Cost of Living payment of £650 this year.

**You can find out more about these payments on the government’s website [here](#) and access wider information about the overall support available to households via [their website](#) – this contains information on transport and childcare costs too.**

In addition, the websites of the main energy providers contain valuable tips about how to save energy in the home.

**This message arrived about mid-way through the last round of meetings, so remains here (with updates) for those boards who missed it previously**

### **Highways – a new contract and what it means for community boards**

Maintaining and improving the roads in the county is one of the issues that matter most to residents and is a top priority for Buckinghamshire Council.

As you will be aware, Buckinghamshire Council will be starting new highways contracts in April next year and this will have an impact on community board projects currently in the pipeline. It is also an opportunity to build in a delivery model with community boards in mind.

#### **The current situation**

Across all the community boards there are currently about 58 projects which have been agreed and funding committed but are yet to be completed by the outgoing contractor (Transport for Bucks, TfB). The status of these approved projects is as follows:

- 22 projects are rated Green and are scheduled to be completed by the end of March next year
- 10 projects have been rated as Amber and delivered to a gateway stage ready for the new contractor to take forward eg. design, feasibility
- 26 projects are rated as Red and are under review but may not be started at all because of their complexity or the time to implement overlaps with the change in Highway's service provider.

All Amber and Red projects continue to be reviewed with TFB to determine if any can be delivered under the current contract by March 2023. Updates will be provided if the situation changes. Furthermore, the Highways service will work closely with our new service provider to determine if they are able to deliver any amber and red projects prior to the contract start date in April 2023.

There are also about 55 projects that have been proposed with PIDs drafted for which no decision to proceed has yet been taken. These projects will not be taken forward until the new contract has started to ensure that they are priced correctly by the new service provider and firm timescales can be agreed for implementation.

Boards can still reserve funding for these schemes from the current 2022/23 budget, but the final prices will need to be confirmed with our new service provider. You can also continue to discuss highways priorities and solutions.

Balfour Beatty Living Places has already been awarded the new highways maintenance contract and the new consultancy contractor will be announced in late September. The

council will be working with the new contractors and outgoing contractors Ringway Jacobs to ensure a smooth transition to the new arrangements under the name Buckinghamshire Highways.

Community Board Chairmen have been invited to a Highways Stakeholder Conference on 13th October.

### **Looking Forward**

As advised already, given the changes to the highway service, Boards should not accept any additional applications highway schemes in 2022/23 and no further projects should be submitted for consideration for 2023/24. Community Boards will be consulted on the development of a new protocol and process for Highway schemes during the transition to the new contract ready for April 23, please therefore keep any new schemes on hold pending the new process for taking these forward.

The new highways working arrangement will include a community-based design delivery model for small schemes specifically for Community Boards to develop their local highway schemes. We will also provide greater clarification on which highway schemes are appropriate for Community Board to bring forward.

Additionally, and to further help support Community Boards, a 'menu of options' will be developed for small highways schemes that show the indicative prices and implementation timescales for a range of suitable small local highways schemes to better inform the Boards in decision making.

Any partners currently with a live scheme on the RAG list will continue to receive communication from the TfB/project technician and their Community Board Manager, and community boards, Highways and TfB will continue to work closely during the transition.

While we appreciate the delay to delivering schemes will be disappointing, the new approach being adopted does highlight the commitment to the work of the Boards in delivering local highway improvements in the new contract.

### **Support for Ukrainian guests continues across the county – further help is still needed**

Arrivals from Ukraine are still coming into our county with 700 hosts now offering accommodation to over 1,200 Ukrainian guests.

We continue to work hard to make sure the families can access schooling, work, finance, practical items, English language lessons and emotional support through our Helping Hand for Ukraine scheme – further details at [A Helping Hand for Ukraine | Buckinghamshire Council](#).

We recognised the significance of Ukraine Independence Day (24 August) as everyone reflected on their personal journey and loss. The summer break also brought the challenge of keeping our younger guests occupied and this year we offered free holiday activities and food on the HAF scheme and Boredom buster bags from our partners LEAP.

We also continue to work with our voluntary sector colleagues and local community groups, now with an eye on the new challenges coming up. We also have over 150 staff in sponsor liaison roles, in addition to their day jobs, who keep regular one-to-one contact with sponsor households.

We recognise that Ukraine families living in Buckinghamshire will be concerned about what happens when their current sponsorship arrangements come to an end. This is especially a concern for those families that have settled into communities and schools. In some locations, it will be challenging to find alternative accommodation locally due to a lack of availability and high housing costs. We want to help our guests from the Ukraine as much as we can and are looking at solutions which will require all tiers of government, the private and voluntary sector to work together. Options being considered include:

1. Extend with sponsor – If both parties are happy to stay together then once agreed the guests can continue living in the same area and keep their local support network.
2. Rematch with a new sponsor – The Council will help the guests rematch with a new sponsor home or the guests can find their own rematch, although this could mean they would need to move to a different area which would impact on their support networks including schools/employment.
3. Private rental – Guests can look at renting privately if they can afford this. High rents across the south east make finding affordable housing difficult for many. Some guests may be eligible for a Local Housing Allowance to help meet rental costs and we will help them find out if this support is available to them. The Council may also be able to help with a deposit guarantee and one month's rent upfront. Again this could mean guests having to move to a different area if there is no affordable private rental accommodation locally.
4. Social housing – All guests are eligible to apply to join the Council's housing register. However, there is a very high demand for social housing in Buckinghamshire, so depending on the type and size of property they are looking for, there is likely to be a long wait for a property.

On top of the housing issue, there is the cost of living crisis hitting us all – the impact on both hosts and guests is already evident so we are working with central Government to make sure Bucks' residents' voices are heard; tangible, long-term solutions are found; and we can continue to support both our residents and our guests.

## **Waste and recycling missed bins and garden waste charges**

### **Missed bins**

Unfortunately, in some pockets of the former Chiltern, South Bucks and Wycombe district areas of Buckinghamshire, disruption as a result of re-organising waste rounds continues. Although on average 99.6% of bins are being collected successfully every day since the start of the reorganisation, there are still a significant number of bin collections being missed every week.

Our contractor Veolia continues to work at bringing service levels up to the standard that we expect. The council is continuing to hold Veolia to account for delivering greater progress and meeting the required standard and is closely monitoring the service.

We continue to ask any residents experiencing pockets of poor service to report missed bins on the council website ([www.buckinghamshire.gov.uk/missed-bin](http://www.buckinghamshire.gov.uk/missed-bin)) as soon as they can.

### **Garden waste charges**

New garden waste subscription arrangements began on Monday 26 September. A campaign has been running to raise awareness of the change and the need to subscribe to the service to have garden waste collected from this date. The service is now a single chargeable 'opt-in' garden waste collection service, at a cost of £50 per bin per year (or reusable bags for properties not suitable for wheeled bins).

This means anyone who has previously received free collections of garden waste will now have to subscribe, paying an annual fee to continue receiving fortnightly kerbside garden waste collections from the council. Our household recycling sites continue to provide free disposal of garden waste for anyone not wanting to pay for the subscription service.

More information on how the service works can be found at [Buckinghamshire Council's Arrange a garden waste collection web pages](#).

### **New on-demand PickMeUp service for Wycombe**

Described as a cross between a bus and taxi service, a new 'demand responsive' service was launched by the council and Carousel on 27 September in the High Wycombe area as part of a pilot scheme funded by the Government's Rural Mobility Fund. The trial service will run for three years, with scope to run for longer if successful, and an Aylesbury pilot is due to launch later in the autumn.

Sitting under Carousel's 'PickMeUp' brand, the Wycombe pilot will serve several communities, including Booker, Daws Hill, Wooburn Green, Wycombe Marsh, Loudwater and Downley. These either have a limited bus service or a route which only serves part of the community. The PickMeUp service will also improve access to areas with steeper gradients.

Users will be able to book one of five fully accessible minibuses to collect them either directly from their home, or from one of the 500+ pickup points in the local area. Ideal for

those who may not have access to a bus stop either by their home, or a service that operates direct to their desired destination, the DRT service is quick and easy to use for commuters, students, and people with accessibility issues.

Buses can be booked in advance of a trip via an app (through which passengers can also pay for tickets and track buses in real time) or by calling 01494 296021. Buses can be booked in advance, or on the day of travel, and will run from Monday to Friday, 6am-7pm. Journeys will only cost a little more than a local bus service – between £2 and £3.50 per trip depending on distance travelled, and concessionary bus passes will be accepted for free travel.

### **Community boards success at county show**

The county show was a fantastic success for the community boards, it was a great opportunity to reach a huge number of residents and also other organisations that we could network with in the future.

The main themes coming through were lack of activities for young people, better bus services including community buses, speeding and litter issues. In addition, we managed to sign up more residents to receive our newsletters.

In summary, it was a great event for us to attend.

## **Town and Parish Charter**

Buckinghamshire Council's Town & Parish Charter was agreed and published on our website in July. This charter is founded on our respect for all councils in Buckinghamshire as independent, democratically accountable bodies and has one simple aim – to articulate and demonstrate our commitment to working together to serve the people of Buckinghamshire.

Community boards have a great record of working with our local councils and this charter is essential reading – you can view it at [Town and Parish Charter | Buckinghamshire Council](#)

## **Better enforcement for moving traffic offences**

Buckinghamshire Council is one of a handful of local authorities in England outside of London to have successfully applied for powers to enforce moving traffic offences (MTOs) that were previously only enforceable by the police. These offences are where drivers ignore restrictions in place at a location – for example driving through a no entry sign, making banned turns, entering a yellow box junction without a clear exit or driving on bus or taxi routes.

The new enforcement powers will make use of automatic number plate recognition (ANPR) technology at 14 locations across Bucks. The locations were listed as part of a consultation about support for the council's plan to apply for the powers from February to April 2022; they are places where restrictions have been in place already for some time for road safety reasons or to prevent traffic congestion.

The locations where cameras will start to be installed from December will be highlighted through council communications. Signage will be erected well in advance at the camera locations to give drivers plenty of notice of the enforcement powers.

The cabinet decision can be seen at

<https://buckinghamshire.moderngov.co.uk/ieListDocuments.aspx?MId=17388&x=1>

## **Local Heritage Listings**

Buckinghamshire Council is one of 22 local authorities to receive funding to develop a Local Heritage List as part of a national initiative to improve the provision and standard of locally held Lists of Non-Designated Heritage Assets (NDHA). The list seeks to identify locally significant assets and celebrate their contribution to local identity and character.

Developing this list provides a rare opportunity for Buckinghamshire residents to nominate important assets around the county that are not currently listed but that have significant heritage interest. By adding these heritage assets to a Local Heritage List we can ensure their local importance is recognised and taken into account in the planning process.

Once on the list, these assets become known as Non-Designated Heritage Assets (NDHAs). They differ from those sites that have statutory protection and national designations, such as Listed Buildings, Scheduled Monuments and Registered Parks and Gardens.

Working with a team of volunteers, we are currently assessing over 2,000 nominations ranging from mileposts, street art and open spaces to historic buildings, water mills and chapels. We intend to adopt a phase one local list this winter, with a phase two in 2023. For more information visit [Home - Buckinghamshire's Local Heritage List \(local-heritage-list.org.uk\)](https://www.local-heritage-list.org.uk) or email [localheritagelist@buckinghamshire.gov.uk](mailto:localheritagelist@buckinghamshire.gov.uk)

## Current and upcoming consultations

### ***Share your community safety concerns to help us keep Buckinghamshire safe***

The [Safer Buckinghamshire Board](#) is a local Community Safety Partnership that brings together experts from the police, fire service, probation, health and social care services. The board develops an annual action plan to reduce crime in Buckinghamshire and help keep it a safe place to live and work.

To develop this plan, the Safer Buckinghamshire Board is conducting an annual Community Safety survey to hear resident views on:

- The impact of crime, anti-social behaviour, drug and alcohol issues where you live or work
- Your experience of reporting crimes
- How safe or unsafe you feel in Buckinghamshire

The survey is open to anyone living or working in Buckinghamshire and is **running until Sunday 16 October**. Have your say and complete the survey below for a chance to win a £100 supermarket voucher\*: <https://yourvoicebucks.citizenspace.com/communities/safety-2022>

The results of the survey will be combined with an analysis of all crimes that happen in the county to help Safer Bucks set priorities for the year.

\*Terms and Conditions apply

### **Buckinghamshire Council consultations**

Current consultations and surveys from Buckinghamshire Council are available to view on our website <https://yourvoicebucks.citizenspace.com/>

Where appropriate, we also list NHS consultations and surveys as well.

## **Hazlemere Neighbourhood Plan – Publication of plan proposal – Regulation 16 of The Neighbourhood Planning (General) Regulations 2012**

Hazlemere Parish Council has produced a Draft Neighbourhood Plan covering the entire parish area. The reason we are writing to you is because you have previously commented on the neighbourhood plan, or are a statutory body we need to inform.

The Neighbourhood Plan is being publicised in advance of an examination. The consultation period runs until midnight on the 10th November 2022.

The neighbourhood plan documents, comment form and further information can be found on the Your Voice Bucks website:

<https://yourvoicebucks.citizenspace.com/planning/hazlemere-neighbourhood-plan/>

Please note all comments must be received before midnight on 10th November 2022. Any comments received after this time will not be accepted or taken into account.
