5 Question Time

Question from Councillor Robin Stuchbury to Councillor Steve Broadbent, Cabinet Member for Transport and Councillor Peter Strachan, Cabinet Member for Planning and Regeneration

“The section 106 agreement for the Osier Way development has designated part of the £840,000 funding for a specific route upgrade on the A421 and A413 to dual – 2 lane standard carriageway, which predetermines the question of the outcomes of the Buckingham transport study to be undertaken this autumn, the results of which were being submitted to the Town Council and other parishes in early 2023. This project funding has now been included in the signed section 106 agreement which implies that the study will be concentrating on the implementation details of an agreed scheme not the feasibility of alternatives. Buckingham Town Council is in the process of reviewing and updating its Neighbourhood Plan and as I understand it would definitely prefer to discuss such matters thoroughly before decisions are taken and funds committed. In what way does the Cabinet Member consider that pre-empting the results of a survey and not consulting the local Council until some months after a decision is made is in the spirit of the Town and Parish Charter, which is to enable Parish and Town Councils to contribute to the planning process and to work together with Buckinghamshire Council ? I look forward to a positive and engaging way forward within your response.”
