

Denham, Gerrards Cross & Chalfonts Community Board minutes

Minutes of the meeting of the Denham, Gerrards Cross & Chalfonts Community Board held on Thursday 23 February 2023 in MS Teams, commencing at 6.00 pm and concluding at 7.20 pm.

BC Councillors present

S Chhokar (Chairman), P Bass, T Broom, T Butcher, I Darby, G Hollis, Cllr C Jackson and J Rush (Vice-Chairman), L Smith BEM, M Bracken.

Town/Parish Councils and other organisations present

J Chamberlain (Chalfont St Giles), Cllr J Walsh (Denham Parish Council), Sharon Williams (Denham Parish Council) and D Bray (Chalfont St Giles), G Calder, Emma, L Hungin, K Lamb, K Martin, M Locke.

Others in attendance

K Farooqi, M Devlin and Charter (Community Board Manager)

Agenda Item

1 Chairman's Welcome

The Chairman welcomed attendees to the meeting and highlighted the purpose of the Community Board.

2 Apologies for Absence

Apologies were received from John Hatton, Ross Massey, James Baldby, Colin Mcgreogor, Julian Ingram and Cllr Andrew Wood.

3 Declarations of Interest

There were none.

4 Minutes of the last meeting held on 16 November 2022

The minutes of the meeting held 16 November were agreed as an accurate record.

5 Buckinghamshire Council Updates

Simon James, Service Director for Education, Buckinghamshire Council provided an update on Council matters. The update was appended to these minutes and the following points were highlighted:

- The Local Heritage List had been developed with further details available online <https://local-heritage-list.org.uk/buckinghamshire>.
- The Council had secured funding for electric vehicle charge points and welcomed suggestions for locations from Community Boards.
- Following a call for further potential sites, areas for development as part of the Local Plan would be published.
- The Tourism Survey closed on the 17th February and the findings would be published soon. The survey would contribute to the Council's Visitor Economy Strategy which seeks to promote growth and opportunities in the county.
- All consultations were available to view online [Your Voice Bucks - Citizen Space](#).
- The Local cycling and walking infrastructure plans would be fed back to the Community Board once available.
- Any school related updates were welcomed particularly any schools which had undergone an Ofsted inspection to feedback how it went.
- There was a school's competition to design a crown for the King's coronation in May. The winner would receive a prize on behalf of the Council judged by one of the Buckinghamshire Swans. Board members were encouraged to promote the competition and the prize would be awarded at an awards ceremony in June.

Following queries at the last meeting members were encouraged to contact Naomi Batson, Head of South Waste and Street Scene Service with any major waste issues.

It was clarified the On-Street Residential Charge Point Scheme (ORCS) would be funded by a grant from central government.

Members were asked for the feedback regarding the Council's infrastructure survey as part of a wider call for views. Members of the Board had submitted suggestions particularly around rights of way and improving connectivity in the area.

6 Community Matters

Neil O'Leary, Network Safety Team Leader provided an update on the Tilehouse Lane petition for traffic calming. The report was appended to these minutes. The residents of Tilehouse Lane south in Denham requested the Council consider traffic calming measures to reduce speeding at the junction with Tilehouse Way. The recommendations from the report supported the deployment of MVAS and the implementation of the Community Speed Watch in conjunction with Thames Valley Police. It was highlighted this area did not meet the Council's criteria for funding for traffic calming however, it supported the engagement of the Parish Council and Thames Valley Police. Potential developer funding from HS2 would be explored.

Gary Calder a resident of Tilehouse Lane highlighted the speeding issues on the road with over 300 cars using the road during peak hours. Residents were liaising with the Parish Council to install the MVAS equipment and there were nine residents seeking to join the Community Speed Watch. There was a particular issue with motorists

joining Tilehouse Lane from the A412 and not reducing their speed.

Cllr Sharon Williams, Denham Paris Council advised discussions were underway with Buckinghamshire Council for the installation of the MVAS and it was hoped this would be installed in the next few weeks.

The Thames Valley Police Neighbourhood Policing Newsletter was appended to these minutes. Further updates were included on the TVP social media accounts https://twitter.com/@tvp_southbucks and [TVP South Buckinghamshire - Home | Facebook](#). The pony and trap issue alongside road safety was highlighted, with Liz Charter scheduled to attend a stakeholder meeting with the police inspector and Buckinghamshire Council Community Safety team on Monday. The Community Board was limited in action it could take to address this issue however, they would co-ordinate and facilitate further discussions.

Members of the Board highlighted the pony and trap issue was very important to the community and expressed disappointment a solution had not been implemented sooner. It was discussed that enforcement was challenging and the police might seek a wider injunction for the road to prevent racing. Injunctions had been successful in preventing the issue on other roads and it was noted it could be useful to contact the Council's legal team for further information.

7 Community Board Update / Review of 2022/23

The Chairman provided a Community Board update and review of the previous financial year. The following points were highlighted:

- The total value of projects supported by the Board to date is £268,000 in 2022-23 supporting local projects which benefited the community.
- The Board engagement event in 2022 held at Colston Hall, Gerrards Cross was well attended and a similar event was planned for this year.
- The Board engaged with key partners including regular meetings with Town and Parish Councils and Board Chairmen. There was collaboration with organisations in Buckinghamshire who had similar outlooks working within the community. The Board newsletter highlighted the key projects and achievements over the past few months.
- In terms of lessons learnt from the past year, further contact with local schools and young people was needed. It was highlighted whilst funding projects was part of the Board's function it was not its only aim. There was the potential to provide funding in tranches with the majority of funding allocated at the start of the financial year.

There would be a great focus on staying in touch with funding recipients to see if they required further help and to showcase projects to the community. The action groups would be publicised further to attract greater participation from residents and local communities.

8 Spotlight on Projects

Liz Charter, Community Board Manager highlighted a number of recent projects which focused on the cost of living crisis. There was a multi-Board project to provide

disadvantaged families with food hampers over the Christmas period which had been very successful. A number of community buildings were operating as warm spaces over the winter period for residents. St Mark's Church in Denham would be open every Wednesday afternoon until the end of March for residents to use.

Cllr Jane Chamberlain, Chalfont St Giles Parish Council provided an update on the playground project in the village.

- The playground was situated on Pheasant Hill playing fields in the heart of the village adjacent to a popular duck pond and the village green.
- Local residents advised via a survey they were in favour of refurbishing the playground. As the HS2 tunnel passed directly under the playground they agreed to fund half of the project if the Parish Council matched this. The Community Board have provided funds alongside the Parish Council.
- The project was put out for tender before Christmas with HAGs the chosen supplier. The HAGs design was fully inclusive of all children and had a woodland feel to blend aesthetically into the village.
- The playground would be completed by June 2023 and a celebration event would be held in June with all interested parties invited. The progress of the project would be included in the local newsletter and on social media.
- Chalfont St Giles Parish Council expressed their thanks to the Community Board for funding and supporting this project.

Sharon Williams provided an update on Denham Memory Café. The café is held monthly and is a welcoming space for all residents and their carers. The January café included a free session on chair yoga which was accessible for all attending. It was requested to let Liz Charter know all future dates for the café which so they could be added to the Community Board's newsletter.

9 Looking ahead 2023/24

Liz Charter and the Chairman presented the item on looking ahead for the next year.

The following points regarding the budget, priorities looking forward and the Community Board survey were highlighted:

- A budget setting meeting was held on 26th January to review the funds spent to date and remaining funds.
- The Board had spent £105,602 by the 21st February with £8603 remaining spend. There was £10,000 funding currently going through the process however, not all projects would be supported this financial year.
- The full list of projects the Board had funded and those in process were listed on the slides.
- The aims of the Board were listed with the top priorities for the year 2022/23 including the environment, health and wellbeing, community safety and highways and economic regeneration.
- A breakdown of spending by priority area was highlighted with 57% of funding going to community building and health and wellbeing focused

projects. It was noted there were no economic regeneration projects funded this year.

- A breakdown of the Community Board survey was provided with the questions on the survey coming from the corporate and existing Board priorities, as well as input from services.
- In terms of the survey respondents there was a proportionate response from all areas in the Board with the majority residing in the area. The demographic of respondents was largely white British males and females over sixty years old. The profiles of the Board area compared to Buckinghamshire was highlighted.
- A Member of the Board queried the mandate for priority setting based on a sample of Board members. It was advised the survey provided the Board with a flavour of the important issues for Board members. There was also a query regarding the transport statistics for the Board area with a lower proportion of residents not having access to a car compared to the whole of Buckinghamshire. It was highlighted this did not address the issues with public transport access in the Board area with a greater emphasis on community transport needed.
- The priorities for 2023-24 were confirmed as community safety, infrastructure and highways, sustainability, health and wellbeing. A member of the Board commented on the importance of sustainability including better public transport for residents. Health and wellbeing was also important to focus on preventing diseases and illnesses in the community.
- There would be a greater focus on action groups to relate to each priority and explore specific issues. Members should have an active interest and be knowledgeable on the action group priority.
- The presentation featured a list of the current and proposed Chairs and Vice Chairs for the action groups. It was noted Cllr Guy Hollis would be Vice-Chair for health and wellbeing action group and Cllr Jane Chamberlain Chair for sustainability.
- The Community Board aspirations were listed. The Board was essential in promoting local connections and was not just focused on funding local projects.

A Member of the Board queried the arrangements for street parties for the Kings coronation in May. It was noted that applications for the current financial year were closed and that Liz Charter would follow up with any applications for the coronation after the meeting.

DGXC Community Board Update

Page 14

Review of 2022/23

Cllr Santokh Chhokar

Highlights and Lessons Learned from 2022 / 23

Highlights

- Successful projects and total value of projects supported £286,557.16
- Positive impact on the community
- Community engagement (for eg. engagement event at Colston Hall, being present at Community Events, such as FOSP and Christmas Switch-ons)
- Engaging with our partners (eg. Town & Parish Councils (Chairs Meetings, Clerks Meetings, regular 1:1 catch ups with Clerks & CB Mgr) TVP, Clare Foundation, Colne valley) of which we hope to expand upon next year.
- Communications: Newsletter and Social Media (FB)

Lessons learned

- Increase engagement with partners and wider community
- 3 funding windows, proportioned on a sliding scale throughout the year (to reduce the pressure at the end of the year) with flexibility to respond outside of the schedule to time-sensitive projects
- Closer engagement with funding recipients to track projects and report back to the board
- Assist if supported projects encounter setbacks
- Action Groups – recent past has highlighted the benefits of operational Action Groups

Spotlight on Projects

Recent projects addressing the Cost of Living

Addressing Cost of Living / Health & Well Being

This Christmas, the Amersham & Villages Community Board partnered with the Denham, Gerrards Cross & Chalfonts; Missendens; Beaconsfield and Chesham Community Boards as well as Helping Hands, in supporting King's Church Christmas Lunch Hamper Project.

They provided 221 hampers and delivered them across the region helping to make Christmas Day Lunch that bit more special for over 700 people.

As an extra this year the King's Church also provided 240 stockings with 3360 items. All the toys were donated from The Entertainer and M&S provided the stockings.

The incredible project was all pulled together by Operations Manager Jane Thomas, who was moved by all the generosity and support, not just the grants and donations, but volunteers too, and most of all helping to make Christmas Day special for so many.

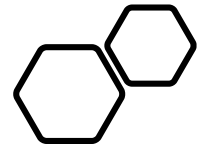

"We never take for granted all your lovely help, we are so so grateful. THANKYOU!"

We were delighted to support Denham Parish Church with the establishing of a new Warm Space in St. Mark's.

They opened their doors on January 18th 2023, and Rev Azita Jabbari and her team of volunteers will be sure to give you a warm welcome, along with Chelsea the dog too of course.

Chalfont St Giles Playground

Councillor Jane Chamberlain
Chalfont St Giles Parish Council

Strengthening our Communities: Health & Well- being, Young People Pheasant Hill Playground, Chalfont St Giles

Page 20

Pheasant Hill Play Area is set in the village centre, adjacent to the duck pond and close to the village green, which is tired and in need of a makeover. Chalfont St Giles Parish Council were eager to renovate, but of particular interest was to make it fully inclusive to young people with disabilities.

The need was identified with a survey, which also sought to seek which facilities residents would like.

HS2 tunnel passes directly under the pond and play area, so Align was approached for funding having received approximate costing from a playground contractor.

Align agreed to give 50% of the costs provided the Parish could raise match funding, which was met by the Parish Council and the Denham, Gerrards Cross and The Chalfonts Community Board.

HAGS was selected following a tender process as their designs were fully inclusive with good guarantees for equipment and costs. The design for the new playground is fully inclusive with equipment for children of all abilities and will encourage development, improve motor skills, enhance creative imaginative ideas and complements the surrounding area.

The playground is due to be completed in May 2023 and will be launched with a celebration event, date to be confirmed.

Chalfont St Giles Parish Council would like to thank the Community Board for their grant which has helped make this project possible.

Project Update

Sharon Williams

Denham Parish Council

Health & Well Being

In July 2022, the Denham, Gerrards Cross and the Chalfonts Community Board supported Denham Parish Council with their Memory Café for Dementia sufferers and their carers.

Using data from the local GP surgery, personal experience from residents and successful pilot sessions in 2021, Denham Parish Council identified a need to provide support for residents suffering from Dementia.

The project is led by a Dementia trained professional with the support of volunteers and focusses on games and activities that help open memories of the past that patients can remember more easily than those for example from the previous day.

The Sunshine Singers lead a sing-a-long and Chair Yoga sessions have also been offered.

They have lunch consisting of sandwiches and cakes and more tea and coffee! We have a professional lady who specialises in Dementia, and she attends each session and chats and will give advice, there is a separate room to the side of the hall where they can have confidential conversations.

We have had carers come back and say that whilst they don't normally remember things day to day, they do remember coming to the café and when are they going back. Which is a great delight to hear.

Currently we have people coming from Denham, Harefield and Iver and are now going to open up to Gerrards Cross and Chalfont St Peter.

Budget Position – 2022/2023

Survey - Headline Results

Community Safety 43%

Infrastructure & Highways 20%

Protecting and Enhancing the local Environment /addressing climate change 17%

Strengthening my Community / Promoting Health & Wellbeing 15%

Economic Sustainability & vibrancy 5%

Population

There are 38,823 people living in the Denham, Gerrards Cross and Chalfonts Community Board area

Vulnerable groups

6.3% of children are living in poverty in the Denham, Gerrards Cross and Chalfonts Community Board area, compared with 9.5% across Buckinghamshire

Housing

0.9% of households lack central heating in the Denham, Gerrards Cross and Chalfonts Community Board area, compared with 1.4% across Buckinghamshire

Crime and safety

There are higher levels of crime in Denham, Gerrards Cross and Chalfonts (IoD 2019 Crime Rank=23,349) compared with the Buckinghamshire average (IoD 2019 Crime Rank=23,367). N.B. A higher number indicates a lower level of Crime deprivation.

Health and wellbeing

Denham, Gerrards Cross and Chalfonts Community Board has a higher life expectancy for men (82. years) compared to the Buckinghamshire average of 81.7 years (England average 79.4). The life expectancy for women is higher (85.8 years) compared to the Buckinghamshire average of 85.1 years (England average 83.1).

Education and skills

14.6% of people have no qualifications in the Denham, Gerrards Cross and Chalfonts Community Board area compared with 16.8% across Buckinghamshire

Economy

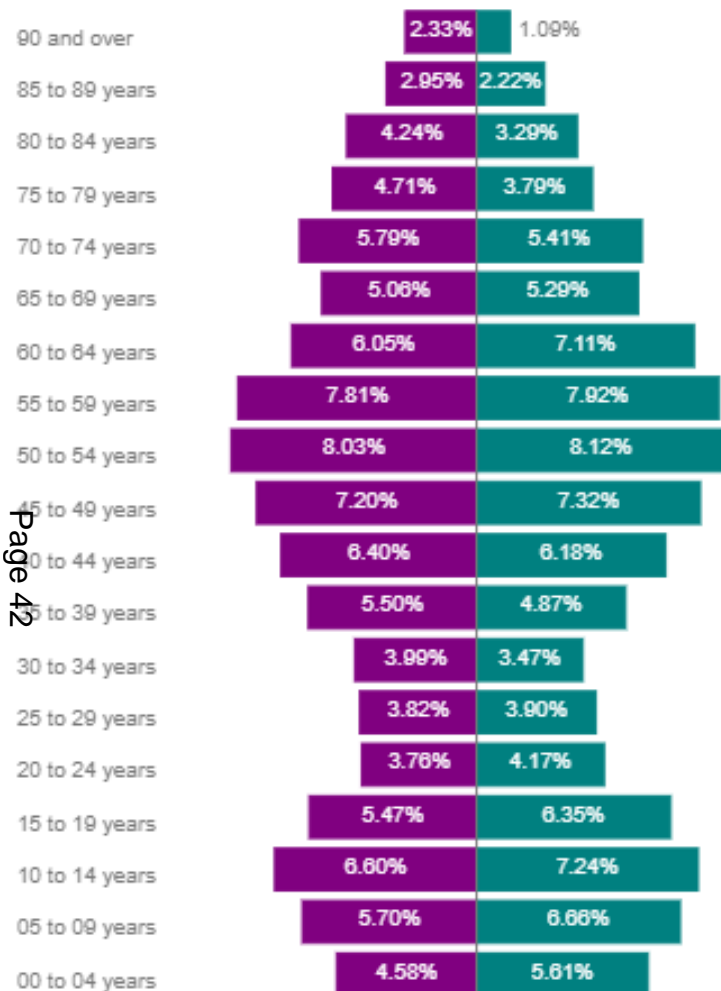

1.9% of people are in receipt of unemployment benefit (JSA and UC) in the Denham, Gerrards Cross and Chalfonts Community Board area compared with 2.7% across Buckinghamshire

Access and transport

8.7% of households have no car in the Denham, Gerrards Cross and Chalfonts Community Board area compared with 12.6% across Buckinghamshire

● Female ● Male

Page 42

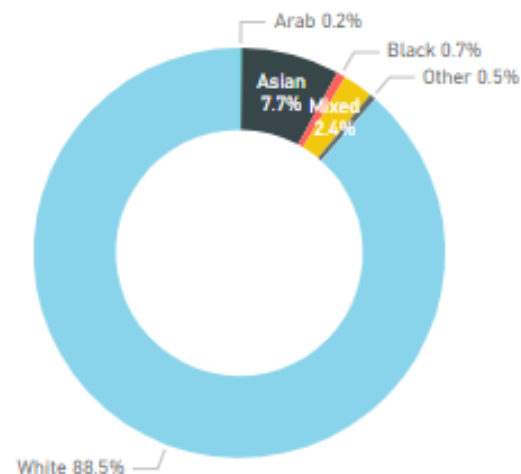

Source: Population by age - Office for National Statistics (ONS), Annually (published September 2021); Ethnicity - ONS - 2011 census, 2011; IMD - Ministry of Housing Communities and Local Government (MHCLG), 2019.

There are an estimated 38,823 people living in the Denham, Gerrards Cross and Chalfonts Community Board area.

Denham, Gerrards Cross and Chalfonts Community Board has fewer young people than the county average, with 19.5% of the population under 16 years of age (Buckinghamshire average 20.7%, England average 19.2%) and more older people than the county average, with 23.2% of the population aged 65+ (Buckinghamshire average 19.0%, England average 18.5%)

Denham, Gerrards Cross and Chalfonts Community Board is less ethnically diverse than Buckinghamshire as a whole. Ethnic minorities (excluding white minorities) make up 11.4% of the population compared with 13.6% in Buckinghamshire overall, and 14.6% in England.

Ethnicity

The maps do not match the Community Board boundaries covering the Community Board. These are geographical boundaries of the Community Boards boundaries.

Conclusion

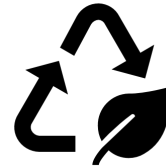

Priorities for 2023/24

Community Safety
