Domestic Violence

Serious Violence (often linked to drugs)

Night Time Economy

Violence Reduction

Good investigation

Civil Orders

Tasking/Disruption

Safeguarding

Diversion

DVPO/N's Issued YTD: 29

What have we been up to...

- We worked with Buckinghamshire Council and the Rough Sleeper initiative during COVID-19 to sign post and refer homeless people. Together we have got **28 homeless people in to accommodation** and they are receiving ongoing support from partner agencies.
- We have worked with Buckinghamshire Council to respond to concerns of anti-social behaviour in the town Centre. We have issued **20 fines**. We have increased our visibility by **utilising patrol officers in addition to the Neighbourhood Team** resulting in disruption.
- We have introduced a Night Time Economy tactical plan that aims to make the town centre safer for those wishing to enjoy what Aylesbury has to offer. We are making use of a range of tactics which includes better use of CCTV and the use of civil orders to disrupt those that bring criminality to our town.
- Finally....we have restructured our resources to reflect the community borders and created a dedicated group of officers (Op Agility) to respond to emerging demands across the Aylesbury Vale. This team seeks to *'Visibly engage with our communities to protect the vulnerable and disrupt criminality'*

Taking first place in our Rainbow competition is this extremely detailed poster drawn by 11 year old Alice. We loved the clear and colourful way that she has presented government guidelines on how to stay safe during COVID 19. Once again, thank you to everyone that took part. We loved seeing all of your posters and it was extremely hard to narrow it down to just 3. The winners will be receiving a special prize shortly. #C7274 #P175 #staysafe #rainbowcompetition #TeamAylesburyVale

Covid 19

- Covid related reporting increased demand on Aylesbury Town
- Thames Valley Police's response is to Engage, Explain, Educate, Enforce
- Aylesbury Town Neighbourhood staff were redeployed away from community priorities to support the response to Covid. We utilised Neighbourhood officers to provide resilience to response Policing. PCSO's formed part of a visible response to Covid reporting.
