

Buckinghamshire Council Children's Services

Notification of proposal by the Governing Board of Overstone Combined School, and Buckinghamshire Council to change the age range of the school from 1 April 2021.

The Governing Board of Overstone Combined School and Buckinghamshire Council are proposing that from 1 April 2021 the age range of the school changes.

If agreed the change would mean that from 1 April 2021 the nursery provision would be run by a committee of school staff and governors, rather than as now directly by the school. There would be no change to the high-quality early years provision which will continue to be provided for 3 year olds. If implemented the school's age range would change from its current 3-11 years of age to 4-11 years of age.

In line with Department of Education guidance the final decision on whether the proposed changes are implemented will be made by the Buckinghamshire Council Cabinet Member for Education and Skills.

More details and the background to the proposal is on both schools website:

<https://overstone.eschools.co.uk/web>

Anybody who wishes to make representations on the proposed change should either send a letter into the school or email overcons@buckinghamshire.gov.uk by 5pm on Wednesday 3 February 2021
