Dear Sir,

19 Wood Lane, Wendover, HP22 5PW is a small semi detached house on a quiet residential estate.

There are no parking facilities available.

The property is totally unsuitable for use as licensed premises for the purchase and consumption of alcohol.

I strongly object to this application.

Yours faithfully

Re -License Application for 19 Wood-lane, Wendover, HP22 5PW

Dear Kerryann,

The address for the application, 19 Wood Lane is situated right behind my house which is No 1, Trenchard Avenue.

When I read the details of the application, my understanding is, the above premises will be used for selling alcohol and allow people to consume at the same premises.

I unreservedly oppose granting the permission for above application due to following facts.

1. It will cause public disorder and also will increase the crime due to many people attending to consume alcohol.
2. If this is allowed in a residential housing estate it will cause public nuisance in multiple ways such as noise and disorderly behaviour of the drunken people.
3. Cause of concern of public safety of the neighbourhood and their children

After considering above facts, I would be grateful if you would not approve the application for selling and consuming alcohol in above premises.

Kind Regards
