

Funding Summary for The Missendens Community Board

This paper provides a summary of the funding applications received, considered and approved since the last Community Board meeting.

All funding applications are considered in line with the following internal governance arrangements:

1. **Pre-application:** Applicants speak with Community Board Coordinators to confirm applications meet the funding criteria and necessary eligibility checks before submitting application form.
2. **Review of Applications:** All applications are reviewed on a fortnightly basis by Localism Mangers who will either:
 - a. Sign-off straightforward applications to be considered by the relevant Community Board and make a recommendation, or;
 - b. Refer more complex funding applications (e.g. cross board, countywide, or those requiring other specialist views), to a formal monthly Funding Panel (consisting of the Cabinet Member, Service Director and other relevant Service leads) for review before being considered by the Community Board.
3. **Community Board Recommendation:** Community Board Members receive monthly emails of the applications received and provide their views and comments that will be collated to inform the Board's recommendations (these can also be discussed at any relevant action group if appropriate). Where there are differing views on the recommendation from Board Members, Buckinghamshire Councillors will vote on the recommendation.
4. **Final Approval of funding:** Community Board recommendations are sent to the monthly Funding Panel who consider recommendations and make the final decision on funding awards.
5. **Decision updates:** Community Board Coordinators send a monthly email to the Board confirming final decisions. All funding decisions will be shared in the summary table below and added to the agenda papers for Community Board meetings.
