

Buckinghamshire Greenway

The **Buckinghamshire Greenway** is an accessible, high-quality active travel route that will connect people and communities running the full length of the county.

It will be the walking and cycling backbone for everyday trips in Buckinghamshire, connecting with both existing active travel routes and other new routes currently in development. The Greenway will also link up with rail and bus services.

The Greenway will:

- Open up new opportunities for the people of Buckinghamshire to access education and employment;
- Provide an attractive and safe active travel alternative to local car journeys;
- Be a local leisure and tourism asset for Buckinghamshire, running through the Chilterns AONB and to key tourist destinations.

The Greenway also supports the vision for a north-south National Cycleway connecting London and the West Midlands, and communities in between.

Buckinghamshire Council is working with communities and local organisations, Sustrans and the Department for Transport to bring the **Buckinghamshire Greenway** vision to life.

Waddesdon Greenway

The award-winning Waddesdon Greenway was opened in 2018, linking Aylesbury Vale Parkway station with Waddesdon Manor. This 4km active travel route sets the standard and aspiration for the rest of the Buckinghamshire Greenway to follow.
