

Free Heat Loss Photo

How much is your home costing you?

- 25% of the UK CO₂ production is used to heat our homes.
- A poorly insulated or draughty house could be costing **YOU** hundreds of £'s each year.
- Let Marlow Energy Group help pinpoint where your house is losing heat and money.
- Email marlowenergygroup@gmail.com to arrange a free heat loss photo.
- MEG is a local non-profit group, run by volunteers, with the aim of reducing Marlow's carbon footprint. Find out more at www.marlowenergygroup.com
