Specialist Teaching Consultation 2021

We are consulting on our proposal to modernise the way we provide specialist teaching across Buckinghamshire. Our proposal is designed to ensure we apply the skills and knowledge of our specialist teachers in the most effective way. We want all pupils with Special Educational Needs and Disabilities (SEND) to receive high-quality education and ensure they can achieve the best possible outcomes.

Early Help Partnership Strategy Consultation 2021

We are holding this consultation to gather your views about our draft *Early Help Partnership Strategy 2022-2025* (the Strategy). Our current Strategy expires in March 2022, so we have created a new one to help us plan for the next 3 years.

Post-16 Transport Policy Statement 2022-23 Consultation

Buckinghamshire Council is proposing to update our Post-16 Transport Policy Statement. These updates are intended to provide clarification and more detail to some parts to make the Policy Statement easier to understand.

We are consulting on the proposed updates, and we will publish any changes we make to the Post-16 Policy Statement following this consultation in April 2022. The updated policy will apply for the academic year 2022-23. The new Policy Statement will apply to all pupils and students, including those with existing transport arrangements.
