

# Grow It, Cook It, Eat It Cookery Course

## FREE Train the Trainer - 2 Day Training Session

### What is it?

Training volunteer cookery course trainers to implement a sustainable, long term community cookery course which will be community led by our confident and competent trainers. By working with Food Banks and local supermarkets who will provide donations, the course trainers will be able to adapt and work collaboratively to ensure the longevity of the project.

### What's in it for me?

- 2-day comprehensive training session and ongoing support provided
- Making Every Contact Count (MECC) Training
- Food Hygiene Certificate
- Tutor Support Pack inc Starter Kit, Framework, Toolkits

The Community Led Cooking project aims to develop a sustainable infrastructure, creating a resilient local food solution in response to Covid-19 and beyond across Buckinghamshire, focusing on those areas where help is needed most.
