

Buckinghamshire & Milton Keynes Fire Authority

Meeting and date: Overview and Audit Committee, 20 July 2022

Report title: Her Majesty's Inspectorate of Constabulary and Fire and Rescue Services (HMICFRS) – Buckinghamshire Fire and Rescue Service (BFRS) Improvement Plan Update: May 2022

Lead Member: Councillor David Hopkins

Report sponsor: Deputy Chief Fire Officer Mick Osborne

Author and contact: Anne-Marie Carter, Head of Technology, Transformation and PMO – Acarter@bucksfire.gov.uk

Action: For Noting

Recommendations: That the Committee note the updated HMICFRS - BFRS improvement plan: May 2022

Executive summary: BFRS's second round inspection took place between 24 May 2021 and 9 July 2021.

The latest report for this Service, was published on 15 December 2021, identified 22 areas for improvement, and two causes of concern accompanied by eight recommendations.

	Effectiveness	Efficiency	People
Cause of concern	1		1
Recommendations	3		5
Area for Improvement	11	5	6

An improvement plan (Appendix 1) is in place to specifically progress the report recommendations and identified areas for improvement. The latest improvement plan has been revised and has been integrated into the Portfolio Management Office which was introduced after the first inspection to coordinate and manage any actions required.

The Service is making progress against the recommendations, aligning them to ongoing project work and improvement plans. Specifically, The Prevention recommendations are being progressed through a project initiated after the Prevention evaluation, which was presented to this committee on 10 November

2021, and the People recommendations are being progressed through the Authority's equality, diversity, and inclusion objectives 2020-2025, which are presented annually to the Fire Authority; the last update being 15 June 2022.

Our Service Liaison Lead, Kathryn Richardson, has indicated our approach to improvement, and addressing matters raised in the report, was sensible.

We feel the progress made will put BFRS in a good place for the reinspection due to take place in Autumn 2022

Financial implications: The prioritisation of improvements to address the specific recommendations raised within the causes of concern may introduce additional financial implications, either through reprioritisation of other projects, or through new workstreams.

Consideration will be given to ensure associated costs, both direct and indirect, are fully understood and managed effectively.

FRSs are not funded for the preparation for, HMICFRS inspections, nor is the Service charged. The inspections are funded directly by the Home Office. The Police are top sliced from their government grants to fund the HMICFRS inspections of Police Forces. There has been no indication yet that this might be a future funding model for the inspection of FRSs.

Risk management: There remain reputational corporate risks to the organisation should we be judged as inadequate. The Service had already taken steps to mitigate this through having extensive internal and external audits of a number of areas of the Service, in addition to the HMICFRS inspections. The external audit plan for 22/23 can be found here: [Overview and Audit Committee - 16 March 2022 - Buckinghamshire Fire & Rescue Service \(bucksfire.gov.uk\)](https://www.bucksfire.gov.uk/audit-committee)

Legal implications: The current Fire and Rescue Service National Framework issued under section 21 of the Fire and Rescue Services Act 2004, to which the Authority must have regard when carrying out its functions, states as follows at paragraph 7.5:

‘Fire and rescue authorities must give due regard to reports and recommendations made by HMICFRS and – if recommendations are made – prepare, update and regularly publish an action plan detailing how the recommendations are being actioned. If the fire and rescue authority does not propose to undertake any action as a result of a recommendation, reasons for this should be given.’

It continues: ‘When forming an action plan, the fire and rescue authority could seek advice and support from other organisations, for example, the National Fire Chiefs Council and the Local Government Association’.

Privacy and security implications:

No privacy or security implications have been identified that are directly associated with this report or its appendices. The respective strands of the improvement plan have undergone Data Protection Impact Screening and full impact assessments have been completed and reviewed where appropriate.

The report and its appendices are not protectively marked.

Duty to collaborate:

Each fire and rescue service is inspected individually. However, the latest report includes findings relating to the Service's ability to collaborate effectively with partners.

Health and safety implications:

There are no Health, Safety or Wellbeing implications arising from this report.

Environmental implications:

There are no environmental implications arising from this report.

Equality, diversity, and inclusion implications:

Progress against our Equality, Diversity and Inclusion objectives are included within the updated improvement plan.

The Service has been judged as 'requires improvement' in the people pillar, along with a cause of concern and five recommendations relating to equality, diversity and inclusion. All the findings from the HMICFRS round two inspection report will be fully considered and prioritised to ensure continual improvement is established and maintained.

The Authority's equality, diversity, and inclusion objectives 2020-2025 – year 2 progress was presented to the Fire Authority on 15 June 2022.

Consultation and communication:

Specific areas identified for Service improvement are being captured in relevant plans and will be reported on in the usual way, ultimately to the Overview and Audit Committee.

Next steps -

- Report published on Intranet with update for staff
- Next update to Overview and Audit Committee on the 9 November 2022
