

Transport, Environment & Climate Change Select Committee – 8 September 2022

Agenda Item 4 – Public Questions

1. In the light of the recent, appalling destruction of an orchard in Holmer Green/ Hazlemere on the Trallee Farm site would it be possible to ensure that there was a system in place to provide a Tree Preservation Order when there is great urgency and offices are closed? This could be in the form of an individual who takes on this responsibility in an emergency and provides his/her contact details.

- Jane Farley
