

Annual Report 2021-22

Working for you in local
health and social care

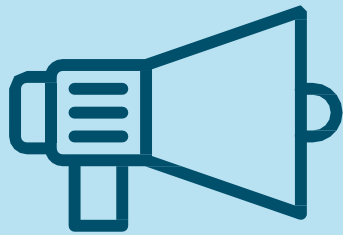

About your Healthwatch

- The local health and social care champion.
- Making sure decision-makers use your feedback to improve care.
- Created in 2013, we are now an independent company.

How we engaged and supported local people

People told us about

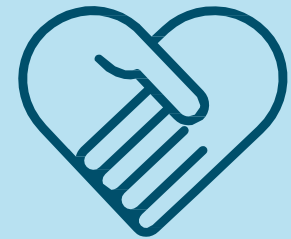

2283 experiences

We published

18 reports

26 volunteers

Gave us 1,728 hours

Our projects in 2021-22

Quick look at five projects

- Enter & View visits
- Keeping an eye on things
- Remote mental health support
- Second COVID-19 Vaccine Report
- Cancer services during the pandemic

**We provide the help & information you
ask for**

Three examples from 2021–22

No ID? No problem

A GP surgery here in Bucks wouldn't register a new resident as a patient as they didn't have photo ID.

Emergency dentist

A family required an emergency dentist for their small child

COVID vaccination

A lady called us as she was unable to book her Covid-19 vaccination

Our priorities for 2022-23

Main priorities:

- Health Inequalities
- Primary Care
- Social Care - with a particular focus on dementia.

We will also take a cross cutting interest in:

- Digital delivery in Health and Social Care
- Community Engagement
