

Equality Impact Assessment (EqIA)

Template reviewed Nov 2021

The Public Sector Equality Duty (PSED) was introduced as part of the Equality Act 2010, which protects people from discrimination in the workplace, in the provision of services and in wider society.

The duty requires all public bodies to have due regard to the need to:

- Eliminate discrimination
- Advance equality of opportunity
- Foster good relations between different people

Public bodies demonstrate this due regard in different ways, including producing robust equality impact assessments when considering changes to policies and services.

An EqIA enables us to check the potential impacts on residents and employees of our policies, services and projects. It's an opportunity to challenge how we currently do things.

Carrying out an EqIA should not create extra work; it should be part of your normal service planning process. Most of the information required should already be available to you through other work already undertaken e.g. service user monitoring, analysis of complaints and national research.

The purpose of an EqIA is to *take account* of equality as plans develop, to promote and assist the consideration of equalities issues arising in plans and proposals and to ensure that where possible adverse or disproportionate impacts are minimised and positive impacts are maximised. As such where possible an EqIA should be started at the outset of a project/proposal and continually be developed and reviewed until a final proposal is adopted. An EqIA should be used to ensure decision makers have all the information they need regarding potential impacts to ensure they have due regard to the Public Sector Equality Duty when making judgements.

Carrying out EqIAs should be an integral part of policy or service development/change and larger projects may need more than one EqIA if different areas are impacted by the change.

Any project that requires consultation will automatically require an EqIA.

All approved and signed EqIAs are recorded in a central register. Please email your completed draft EqIA to equalities@buckinghamshire.gov.uk. Previous EqIAs can be made available for information upon request. For any questions or if you require support in completing your EqIA please contact Maria Damigos and Natalie Donhou Morley directly.

Briefly describe the aims and objectives of the proposal below:

The Draft budget and Capital Programme set out the draft proposals for income and expenditure of the Council for future years. We are statutorily obliged to produce a balanced budget on an annual basis.

It is inevitable the authority has to review the way it provides services and look for opportunities to deliver different or better outcomes for our users for less public money.

What outcomes do we want to achieve?

To ensure that the Council is able to operate legally and on a financially sustainable basis going forward whilst delivering its Corporate Priorities as expressed in the Corporate Plan.

This strategic proposal will also aim to minimise impact on service delivery where possible, although this may mean changes to how services to our customers are delivered. In a time of rising demand for our services and reducing income.

Does this proposal plan to withdraw a service, activity or presence? Unclear

Please explain your answer:

Section 3 – Is a full assessment required?

If you have answered yes to any of the initial assessment questions in section 1 of this EqIA, or have indicated a negative or unclear impact in section 2, it is likely you will need to complete part B of the EqIA form. Should you need guidance as to whether a full EqIA is needed at this time please contact Maria Damigos or Natalie Donhou Morley before continuing.

Following completion of part A, is part B completion required?

- Yes
- No
- Not required at this time

Explain your answer:

There will likely be difficult decisions that need to be made in order to implement the Budget to ensure that we can deliver the services that we are legally obliged to do, and which our customers need.

Whilst projects pertaining to the delivery of the budget are in very early stages it is difficult to ascertain how each of these will impact on our communities and the people within them. However, any reduction in service is more likely to negatively impact on those who are already vulnerable, including older people, those with disabilities, carers, those facing financial difficulty and those in more deprived areas of the authority. Improvements to delivery of services is also more likely to benefit these groups.

In addition, we anticipate that proposed changes will likely impact on additional groups, include staff, stakeholders and external partners.

A more detailed review of impacts can only take place once the key strategic parameters have been agreed by the Council members. This overarching screening will be reviewed once this has taken place and individual project proposals/elements of the Budget, which are subject to their own implementation timeframe, will be subject to their own separate Equality Impact Assessments, consultation and assessment procedures. Currently one EqIA (grass cutting (rural & urban) and vegetation clearing) is anticipated for completion and review in line with MTFP process.

Have you completed an DPIA for this project/change? No

(As you are completing an EqIA, you may also require a DPIA - for more information please contact dataprotection@buckinghamshire.gov.uk)
