

Report to Finance & Resource Select Committee

Date:	23 rd February 2023
Reference number:	
Title:	Twelve Month Budget Scrutiny Update
Cabinet Member(s):	Martin Tett, Leader Portfolio
Contact officer:	David Skinner
Ward(s) affected:	None specific
Recommendations:	The Committee is asked note and comment on the contents of the report

1. Executive summary

- 1.1 In January 2022 the Budget Scrutiny Inquiry Group produced a report containing fifteen recommendations. This report details the twelve-month update to each of the recommendations, together with the timetable for actions to be completed.

2. Content of the report

- 2.1 Attached at appendix 1 is a table which provides updates against each of the recommendations made by the Budget Scrutiny Inquiry Group in January 2022.

3. Other options considered

- 3.1 Not applicable.

4. Legal and financial implications

- 4.1 Set out in the responses above.

5. Corporate implications

5.1 Not applicable.

6. Local councillors & community boards consultation & views

6.1 Not applicable.

7. Communication, engagement & further consultation

7.1 Not applicable.

8. Next steps and review

9. Background papers

9.1 Not applicable.

10. Your questions and views (for key decisions)

10.1 Not applicable.

Appendix 1

Budget Scrutiny 2022 – Recommendations from the Budget Scrutiny Inquiry Group

Chairman – Cllr Ralph Bagge

Response from Cabinet – Cllr Martin Tett, Leader

Recommendation	Cabinet's Response – Y/N & comments	Six Month Update	Twelve Month Update	Lead Member/Officer & Timelines
1. The Corporate Plan be reviewed prior to the end of this financial year. The Corporate Plan is vital in providing the vision that drives the strategies, programme, and budget.	Yes. The Corporate Plan is currently under review, and the intention is to take a refresh of the Plan to Council later this Spring.	Complete – the refreshed Corporate Plan was approved by Council at its meeting on 27 April 2022.	Complete – the refreshed Corporate Plan was approved by Council at its meeting on 27 April 2022.	Martin Tett Rachael Shimmin
2. A timetable of key strategies which are in development across the Council, with target dates for key milestones, should be shared with all members on a quarterly basis. This would provide renewed focus on delivery of strategies and enable members to identify opportunities for consultation or pre-decision scrutiny by the relevant select committee and local members where appropriate.	Yes. A list of strategies in development will be shared with Members on a quarterly basis. This will include key milestones, although recognising these are subject to change. All strategies will also be included on the Forward Plan which sets out the	A paper on the harmonisation of strategies, policies and charges was published ahead of, and reviewed at, the Cabinet meeting on 7 June 2022. This included a list of 70 strategies and policies the council is planning to harmonise or update by April 2023.	Complete - A register of policies and strategies due for update / development has been created, with the progress / status of each being monitored on a regular basis. A summary of the register will be published on the Buckinghamshire Council website in March and then updated quarterly.	Martin Tett Sarah Ashmead

	<p>anticipated timing for decision making.</p> <p>Individual Cabinet Members have a clear focus on the development and delivery of strategies for their respective portfolios and are responsible for ensuring appropriate consultation arrangements, including with local members. The regular dialogue between the Cabinet Member and relevant Select Committee Chairman will ensure that, where appropriate, the draft strategy is shared with the Select Committee for comment prior to sign off. The Select Committee will play an important role in reviewing the impact of the Council's strategies in the medium/longer term.</p>	<p>A corporate policy register is being developed which will create a single central database to hold information on each of the Council key policies, including dates of review. It is expected this will be in place by Autumn 2022. Once established, this will provide a mechanism to share details more easily and regularly / quarterly on the suite of Council policies and the upcoming review schedule.</p>		
<p>3. Beyond the Better Buckinghamshire Programme, all services should constantly be reviewed and challenged for</p>	<p>In part.</p>	<p>We have continued to review Council services to identify improvements and efficiencies, as well as rationalising</p>	<p>Complete. The Better Buckinghamshire programme has continued to progress through the schedule of service</p>	<p>Martin Tett Sarah Ashmead</p>

<p>demonstration of best value. Members note that service areas such as Policy and Communications have had the capacity to cope with exceptional demand throughout the past two years due to COVID whereas other service areas have tended to hire interim staff to cope with times of higher demand. Members welcome an ongoing assessment of how each service is delivering value and question whether this level of budget would be necessary as the Council returns to a 'business as usual' footing. Publishing headcounts to understand staffing levels across all areas would support this assessment. A further review should be considered post-unitary and COVID to consider further reductions and potential outsourcing of non-core activities to save costs.</p>	<p>Cabinet Members will consider the potential of outsourcing where this could deliver better value and improved customer service, but this is not necessarily the most appropriate means to secure best value for the Council and it needs to be considered on a case by case basis.</p> <p>The Better Buckinghamshire Programme is the Council's framework for reviewing and improving service delivery to ensure that we operate in an efficient way as possible within our resource constraints to deliver services to the public, meet the needs of the organisation and deliver on member priorities within a finite cash envelope. The methodology includes a rigorous review of staffing structures, digital processes and delivery models, alongside a comparison against external benchmarks.</p>	<p>structures and processes, in line with the Better Buckinghamshire programme. This programme is delivering our ambition to transform Council services, improve customer experience and release savings.</p> <p>At the commencement of the Better Buckinghamshire programme, we scheduled a timetable of reviews for Council services. Currently, we have completed reviews for 15 service areas, and have reviews in progress for a further 17 service areas. Savings for the programme are on track to achieve £20.1m by the end of 2025/26.</p> <p>All of the completed reviews have resulted in improved operating models, rationalised structures and better resilience. Continuous improvement plans are in place for all service areas where reviews are completed, to</p>	<p>reviews, identifying improvements, rationalising structures, streamlining processes and creating efficiencies across the Council. This programme is focused on improving customer experience whilst achieving the savings set out in the Unitary business case.</p> <p>The programme has progressed at pace, and currently 18 service reviews have been completed. All of the completed reviews have resulted in improved operating models, rationalised structures and better resilience. Service areas within which reviews have been completed are now focusing on continuous improvement activity and delivery of major projects identified through the review, to achieve further efficiencies and improvement to service delivery. 14 service reviews are currently in progress.</p> <p>Savings for the programme are on track to achieve £20.1m by</p>	
---	---	--	--	--

	<p>Given our finite resources and demand pressures we also need to progress our improvement and change work alongside business as usual. This has to take account of being able to flex to respond to any new government initiatives including but not limited to COVID. Our existing prioritisation reflects the detailed work needed post unitarization as well as improvement and change work in Children’s and Adults services. Once the first cycle of Better Buckinghamshire Reviews has been completed, we will develop plans for the ongoing review of all service areas to ensure a continual focus on efficiency. Alongside the Better Buckinghamshire service improvement programme there are also a number of smaller improvement projects appropriately managed within services.</p>	<p>ensure that there is a continued focus on improvement.</p> <p>In addition to the service reviews, we are delivering a large volume of improvement projects and transformational activity across the Council, including the Adult Social Care transformation programme, the Planning Improvement Board and Work Smart. We are also considering the next phase of the Better Buckinghamshire programme and identifying further service reviews that may be required.</p> <p>Information regarding Headcount continues to be published quarterly.</p>	<p>the end of 2025/26. Information regarding Headcount continues to be published quarterly, and the latest figures indicate that headcount has been reduced by 170 through completed service reviews to date.</p> <p>We have completed a review of the Better Buckinghamshire programme and are planning the implementation of the next phase of this programme.</p> <p>In addition to the service reviews, we are delivering a large volume of improvement projects and transformational activity across the Council, including the Adult Social Care transformation programme, the Planning Improvement Board and Work Smart.</p>	
--	---	---	---	--

	<p>Headcount information is regularly published as part of the Cabinet's performance dashboard. However, headcount does not in itself enable us to assess value for money. A number of posts are externally funded, a number of services are insourced or outsourced, and a number of vacant posts covered by agency staff. Given the size and complexity of the organisation, headcount is dynamic and needs to flex based on individual service issues. For example, in the context of COVID, none of our services were able to respond to the exceptional staffing demand arising alongside delivering business as usual activity. Across the Council, service areas including Policy and Communications, managed the exceptional workloads through a combination of bringing in additional temporary staff, funded through COVID grant</p>			
--	--	--	--	--

	<p>funding, and putting on hold core activities.</p> <p>Oversight of improvement activity is a key activity for the CMT and reviewed regularly by Cabinet Members. Cabinet Members are also responsible for regular challenge of all services in order to ensure efficiency and this includes identifying opportunities to reconsider delivery models where appropriate.</p>			
<p>4. Greater visibility should be given to contingencies contained within the budget, as well as any in-year release of contingencies so that residents can see and understand how decisions are reached and what pressures there are on the budget. Consideration should be given to including an additional appendix in the final budget paperwork to be approved by Cabinet. Graphical representation grouping portfolio areas would be helpful for Members and residents.</p>	<p>Yes. Corporate Contingencies will be presented to Cabinet in February to ensure visibility. Furthermore, in 2022/23 quarterly budget monitoring reports to Cabinet will include the status of the contingencies, including details of any that have been released to Portfolio areas.</p>	<p>Complete.</p>	<p>Complete.</p>	<p>Martin Tett Richard Ambrose</p>

<p>5. Consideration be given to running the Social Worker Academy with a smaller cohort on an ongoing basis to mitigate issues of recruitment shortages and a reliance on high cost agency staff. Metrics should be developed to measure the success of the delivery of the programme and Cabinet should explore whether this is a model that can be replicated in other hard to recruit areas such as planning.</p>	<p>Yes. The ASYE Academy will expand to a cohort of 60 in the financial year 2022/23. The size of the Academy in future years will be determined by need, recruitment strategy and budget priorities.</p> <p>The model will be actively considered in other directorates where recruitment challenges exist. The metrics to measure success will include; the proportion of successful candidates who join the staffing establishment and retention rate at month 24 after leaving the Academy.</p>	<p>The ASYE Academy is on track to have three cohorts of 20 ASYE social workers in the 12 months from 1 April 2022.</p> <p>The Corporate Director for Children’s Services chairs a ‘Talent Academy’ focus group to progress recruitment and retention initiatives across the Council. This group is run with colleagues from HR with representatives from across the Council.</p>	<p>Complete. The ASYE Academy recruited to a cohort in June 2022, September 2022 and are currently recruiting to a cohort starting March 2023. A lower number than anticipated were recruited in June due to timing of this recruitment and demand – 3 out of 10, therefore we have made up these numbers by strengthening recruitment activity with a meet and greet and recruitment day during summer 2023 and recruiting 26 to 30 positions in September 2022. We are currently recruiting for March 2023 cohort and anticipate filling the final 31 positions. The recruitment to the Academy is overseen by the Workforce Board in Children’s Services with colleagues from HR.</p> <p>CMT has agreed a new Buckinghamshire Council Talent Academy which will develop both long and short term programmes across the Buckinghamshire Workforce,</p>	<p>Anita Cramer John Chilver John Macilwraith Sarah Murphy-Brookman</p>
--	---	---	---	---

			including social care to build a sustainable approach to workforce development. The initial focus is on hard to fill roles including planning and this Academy approach covers how we attract candidates, early careers, such as apprenticeships and graduates, career changes and returning to work programme. As the Academy develops we will build a broader career offer of roles and opportunities offered by the council, and structured succession planning.	
6. The Council's property rationalisation strategy should have a clear vision of future ways of working and be delivered at a greater pace, with regular updates provided to Finance and Resources Select Committee. Acknowledging that an Estates Strategy is under development, the Council can shape its own future with new ways of working and targeting an earlier date for downsizing of the council estate will bring greater efficiency savings. Should the Council return to pre-pandemic work patterns there would still be excess office	Yes. The Cabinet fully supports the ambition to downsize the Council's estate in order to deliver efficiency savings as early as possible. There are a number of complexities to manage with this, including the uncertainties about future working patterns and space requirements arising from the pandemic, as well as the interdependencies with our town centre redevelopment plans. That said, considerable	Work continues on the Estates Strategy and Cabinet Members have been briefed on the emerging strategy. A Member working group has been established to discuss the issue and the first meeting has been held. The second meeting is programmed before August. The aim of the working group is to have a finalised Estates Strategy for the Autumn.	Complete. The Estates Strategy has now been developed and approved by Cabinet (Jan 2023). Work has now begun on implementing the strategy the first report is for an Application for a Certificate of Immunity from Listing	John Chilver Ian Thompson

<p>space, therefore decisions to dispose or repurpose some assets should be made within the coming financial year.</p>	<p>work has already taken place to establish how the revenue saving of £2.4m from accommodation might be achieved in the medium term financial plan period, with the full saving due to be achieved by 2026 (in line with the lease end at Capswood). There is a targeted and realistic delivery programme in place to support this, assuming that a further variant of covid does not materially affect the programme.</p> <p>The Estates Strategy, and accompanying rationalisation plan, is being developed for Cabinet consideration in July 2022. A number of steps are being taken to inform the development of this strategy over the next six months. In terms of the requirement for office space, a pilot is due to take place from March 2022 to assess the potential of moving to a desk to staff ratio of 1:4 and a ratio of 1 person to 100 sq.</p>	<p>The current mandated two day a week in the office has resulted in a solid set of data on building usage over the last 6 months, supported by both Service Now and independent verification surveys. This piece of work has been very important as it explains how in a complex recruitment, retention and operational landscape in a post covid world how the Council offices are actually being used.</p> <p>The information collected demonstrates that the Offices continue to operate at considerably less than full, and that there are opportunities to reduce.</p> <p>Work continues along the following themes:</p> <ul style="list-style-type: none"> • Head office in Aylesbury with options being 	<p>The strategy is on the agenda for the February 2023 Finance & Resources Select Committee.</p>	
--	---	--	--	--

	<p>ft. It would not have been possible to commence this at an earlier date because staff have not been in the office sufficiently to be able to undertake a pilot study that would realise tangible results. In advance of the pilots, we are due to commence the implementation of a new desk and meeting room booking system by the end of February. In tandem with this work, preliminary master planning of the Amersham and Wycombe offices is being undertaken to give an indication of what is possible on the Council owned sites, if we are to reduce the operational footprint. The planned result of these steps will be a roll out estates strategy for the organisation, meeting the requirements of the medium term financial plan, regeneration considerations and opportunities in Aylesbury, Wycombe and Amersham together with operational need.</p>	<p>discussed by Members regarding space needed.</p> <ul style="list-style-type: none">• The closure and potential lease surrender at Capswood. The Lease ends in 2026. In the interim the Council has had some success in letting the Offices.• Decisions about the space needed at Amersham, Wycombe.• Potential closure of floors and possibly buildings. <p>Preliminary conversations have started with a final strategy to be outlined after the summer.</p>		
--	--	--	--	--

<p>The Council has had significant success in letting out surplus operational buildings over the past 18 months. We have recently had letting success of surplus space at 66 High Street Aylesbury (now fully let, 30,000 sq. ft) and Easton Street (fully let to Oxfordshire Mental Health Trust, 30,000 sq. ft). The Council also sublets space at Wycombe offices and has recently achieved a new letting of 10,000 sq. ft of accommodation, bringing the total space let at Wycombe to about 25% of the office space. Additionally the Council lets surplus space at Amersham and a small amount of space at New Council Offices to the CCG. We continue to actively market and seek occupational tenants for vacant space within the Councils portfolio and are pleased to note that, excluding those in an approved capital or regeneration scheme, just 0.33% of the properties across the Council's estate have been</p>			
--	--	--	--

	<p>vacant for more than 2 years which is an improving position. The only large operational vacancy we have is at Capswood. We are actively seeking to identify a solution that will reduce our costs linked to this asset and will report to Cabinet as things progress.</p> <p>Regular updates on the development and delivery of the Estates Strategy will be provided to the Finance and Resources Select Committee.</p>			
7. Additional funding should be set aside for the development of the Local Plan as £750k p.a. over the next three years is likely to be inadequate, particularly in light of possible changes arising when the Planning White Paper is taken forward.	No. We are confident that the current budget for preparing the Buckinghamshire Local Plan is adequate to make good progress. We will, however, keep it under review, so we can respond to any changes as a result of the Planning White Paper.	N/A	N/A	Peter Strachan Ian Thompson
8. Cabinet should agree a clear strategy which includes a delivery target for affordable homes. This strategy and target number should	Yes. The Housing Service is working with other teams in the authority to prepare an	Property continue to work on two sites, being the first tranche Horns Lane, Wycombe	The disposal of the Horns Lane site is due for Leader Decision in Jan 2023. If approved, it will be	Mark Winn Ian Thompson

<p>be produced in 2022/23 and cover a greater scope for targeted housing for Key Workers, Social Rent and Supported Living and demonstrate the Council's desire to move at pace in this area. The Cabinet Members for planning and regeneration, finance, resources, property and assets and housing, homelessness and regulatory should work together to deliver these affordable homes in the most cost-effective way for residents (similar to last year's recommendation 12).</p>	<p>Overarching Housing Strategy in 2022/23. This overarching strategy will sit above the Homelessness and Rough Sleeping Strategy which is currently in draft form and being consulted on. The Overarching Housing Strategy will cover targets for the provision of affordable, key worker, socially rented and specialist housing, amongst other issues.</p> <p>An interim 'position statement' on affordable housing will be reported to Cabinet in March 2022. This position statement has been developed following work done by a member led Task and Finish Group, chaired by myself. A review of possible schemes for development on Council owned land is also being worked on, currently. This review will highlight the various options that will be open to members when giving consideration to the use of Council owned land.</p>	<p>and Bucks Sports and Social Club, Aylesbury both opportunities are being actively promoted for an affordable housing contribution and work is being undertaken to see if that can be extended beyond the normal Planning requirement.</p> <p>The Affordable Housing Position statement was presented to Cabinet in May 2022 and was approved.</p> <p>Progress has been made in respect of two key sites where affordable housing may be delivered, and Cabinet has approved a request by officers to apply for outline planning permission for Stoke Mandeville. Work is now underway on developing a proposal for the Horns Lane development site in High Wycombe.</p>	<p>100% affordable housing provision on the site.</p> <p>The Planning application for the former Bucks Sports and Social Club has been submitted for approval.</p> <p>The Council has also approved the disposal at Collins House Wycombe to an Affordable Housing provider for 100% Affordable housing.</p> <p>On all three sites, the Council is looking to maximise the amount of affordable homes which can be delivered, within the legal confines of the s.123 Best Value obligations.</p> <p>Further sites will continue to be identified as part of the ongoing review of council assets.</p>	
---	---	--	---	--

	<p>I am working with the Deputy Leader and Cabinet Member Planning and Regeneration, the Cabinet Member for Finance, Resources, Property and Assets, and Cabinet as a whole, to move this important issue forward.</p>	<p>Following a Cabinet restructure, responsibility for council delivery of Accessible Housing now sits with the Portfolio Holder for Finance, Resources & Property.</p>		
<p>9. Cabinet should consider increasing the levels of investment for rights of way repairs to recognise the increased usage and their importance, particularly to rural and semi-rural communities.</p>	<p>No. The revenue and capital budgets that have been proposed are consistent with previous years' allocations with the significant exception that, for 2022/23 the capital budget has been increased by £442k to fund the replacement of Berryhill footbridge and the Denham Bridleway bridge. This extra funding, and these works, enable us to fulfil our statutory duty to keep the Rights of Way (RoW) network open.</p> <p>The baseline level of expenditure is considered to be sufficient to maintain the RoW network and any increase would</p>	<p>N/A</p>	<p>N/A</p>	<p>Steve Broadbent Richard Barker</p>

	<p>have to be funded from other services, so a balanced view has been taken. The RoW network will continue to be regularly inspected and if particular work is required, further allocations will be considered.</p>			
<p>10. That the Cabinet Member for Transport develop a strategy in 2022 for the £800k (£200k p.a.) investment into EV charging points to assess the current and future need, the number and type of charging points that could be obtained within the budget allocated, the potential income streams and to ensure there is a consistent approach to deliver these in the most cost effective way.</p>	<p>Yes. The Transport Strategy team have been undertaking research into the most effective way to support the exponential increase in electric vehicles in Buckinghamshire, focusing on the provision of electric vehicle charging points now and in the future. This work has involved several stakeholder workshops to identify the most appropriate solutions for each type of end user. The study element is drawing near to its conclusion and a draft EV Study and Action Plan have been developed. The Action Plan is being sent out to all members for their comments in the next week, with a supporting presentation, using the platform YourVoice. We</p>	<p>The Council adopted its Electric Vehicle Action Plan (EVAP) in June 2022. This committed us to deliver 1000 publicly available charging spaces by 2027, with an initial doubling of charging spaces by the end of March 2024. This equates to 175 additional EV charging spaces.</p> <p>We have procured a delivery partner to support the delivery of chargepoints within Council owned public car parks and are submitting an initial bid (Phase 1) to the On Street Residential Charging (ORCS) fund in early August, which will fund 136 new EV charging bays. This is due to be followed by a second</p>	<p>Complete. The Council adopted its Electric Vehicle Action Plan (EVAP) in June 2022. This committed us to deliver 1000 publicly available charging spaces by 2027, with an initial doubling of charging spaces by the end of March 2024. This equates to 175 additional EV charging spaces by March 2024.</p> <p>The Council have been successful in its bid to the On Street Residential Charging (ORCS) fund. This is match funded by our delivery partner, BP Pulse, and will provide 136 new EV charging spaces within Council owned public car parks by April 2023 (Phase 1).</p>	<p>Steve Broadbent Ian Thompson</p>

	<p>hope to bring a finalised draft to Informal Cabinet in April 2022.</p> <p>The draft Action Plan recommends 14 key actions to be delivered over the next 10 years, with short- and medium-term priorities outlined. It is expected that the £200k per year investment will be utilised to deliver these outcomes over the next four years. The number and type of charging points will vary according to the geography, population density, power distribution available and the constraints of the car park. To this end the draft Action Plan also includes an assessment of the suitability of Buckinghamshire Council owned car parks for the installation of faster chargers. In addition, the Transport Strategy team are working with Community Board Coordinators and Parish Councils to support parishes to identify and install further charge points. Each location must be assessed for</p>	<p>bid (Phase 2) to the same fund to cover new chargepoints in town and parish council car parks. We are working with the Community Boards to identify receptive locations.</p> <p>In addition to this we have also submitted a bid for £3m to the new Government Local Electric Vehicle Infrastructure fund. The aim of this is progress innovative solutions to charging electric vehicles in residential areas where there is limited off street parking. This is a core priority in the EVAP. We will find out if we are successful in being awarded this funding in August 2022.</p> <p>The power supply for Buckinghamshire is fed from 3 District Power Networks and our expansion of public chargepoints has been repeatedly hampered by the prohibitive costs of power connections to the charging</p>	<p>We are currently developing a second bid (Phase 2) to the same fund to cover new chargepoints in town and parish council car parks. We are working with the Community Boards to identify receptive locations (deadline for expressions of interest 31st Jan 2023).</p> <p>The power supply for Buckinghamshire is fed from 3 District Power Networks and our expansion of public chargepoints has been repeatedly hampered by the prohibitive costs of power connections to the charging sites. The focus for the £200k p.a. fund is to unlock those priority sites that have higher power connection costs, so that they can come forward. £10k was used in support of ORCS Phase 1. Due to the more rural nature of parish car park locations, we expect £50-60k to be required for ORCS Phase 2.</p> <p>In addition to this we also submitted a bid for £3m to the</p>	
--	---	---	---	--

	<p>physical feasibility of installation (whether there is adequate space, street furniture in the way etc) and to identify power supply costs with the Distribution Network Operator (DNOs), which are often significant and limiting. Slow chargers may provide a viable option where there is inadequate power supply.</p> <p>We want our approach to be cost effective and consistent which is why we have undertaken a thorough study of the options available to us. To ensure value for money, smooth delivery, ongoing maintenance and a high-quality customer experience when using public chargers, we will procure a delivery partner and be guided by their experience. This will include installing publicly available points at low or zero cost to the Council and/or identification of future revenue sharing possibilities. We have good relationships with the UKs</p>	<p>sites. The focus for the £200k p.a. fund is to unlock those priority sites that have higher power connection costs, so that they can come forward. £58k of this year's allocation will be used to support the Phase 1 ORCS funded locations. The remaining £140k has yet to be allocated but will likely be used to support difficult locations in ORCS Phase 2, as well as chargepoints in Council facilities such as our leisure centres, for which there is currently no funding support from Government.</p>	<p>new Government Local Electric Vehicle Infrastructure (LEVI) fund, the aim of which was to progress innovative solutions to charging electric vehicles. This bid was unsuccessful. To maintain momentum we are utilising £60k of the Council's funding to progress a trial of two elements of this project: in-pavement cable channels for at home charging, and lamppost/bollard style public charging points on streets with no access to off street parking.</p>	
--	---	---	---	--

	<p>leading suppliers and expect to procure a delivery partner for on-street installations later in 2022. In addition to this, charge point operators and businesses are investing in the network at key destinations and service stations. We intend to only be a funder of last resort, so that key locations are covered and our funding only utilised where it would be difficult to deliver a charge point commercially.</p>			
<p>11. That the Cabinet Member for Environment and Climate Change should work with officers to develop an offer to improve education for members and residents on climate change and to provide incentives to promote individual action. Other Members should be involved in this piece of work, the TECC Select Committee and/or the Member Development Working Group.</p>	<p>Yes. A package of climate change support for Members will be developed with input from the Member Development Working Group to ensure its suitability. A long-term communications campaign has been launched (the Bucks Climate Challenge) and further content to educate and inform residents on how to reduce their impacts on the climate is being drafted which we will seek TECC Select Committee feedback on. This campaign will also inform residents of the work the Council undertakes to address climate change. We have</p>	<p>Communications and awareness raising activity to date has included:</p> <ul style="list-style-type: none"> - Publication of Bucks' Climate Challenge webpages and an update to the Council Energy and Climate Change webpages - Ongoing social media advertising for the Bucks Climate Challenge campaign encouraging environmentally friendly behaviour. - 2 internal Member awareness raising sessions 	<p>Complete.</p> <p>In addition to the specific actions detailed as part of the 6 months update, covering Member awareness sessions and the communications campaign, we have also now completed the first annual Climate Change & Air Quality Strategy evaluation report in October 2022.</p>	<p>Gareth Williams Ian Thompson</p>

	<p>committed in the Climate Change & Air Quality Strategy to provide annual updates on progress against actions as well as emissions reductions, the first due in October 2022 (1 year after adoption).</p>	<ul style="list-style-type: none"> - Climate Change Literacy Training (delivered by APSE) for 10 officers and 5 elected Members - Promotion of the Cycle to Work Scheme and accessing electric vehicles via the Tuskar car benefit scheme for Council staff in two internal staff emails - Bucks Climate Challenge artwork affixed to 10 refuse collection vehicles (summer '22) - Defra '21/'22 Air Quality Grant to the Council press release resulted in coverage by Bucks Free Press and Energy Live News - Letters sent to 151k addresses regarding the Buckinghamshire Solar Together (N.B. solar PV, EV chargepoint, and battery storage group purchasing opportunity) (additional promotion via a press release, an internal email to staff, and on the Low Carbon Workspaces website) - Letters sent to 3,314 homes regarding the Green Homes Grant Local 		
--	---	--	--	--

		<p>Authority Deliver Scheme Phase 2 opportunity</p> <ul style="list-style-type: none"> - Buckinghamshire Council becomes the first local authority to promote the AWorld app – which encourages environmentally sustainable behaviour. - Encouragement of Earth Day ‘waste less and save more’, Clean Air Day emission reduction, National Walking month transition to active travel modes, AWorld app download and usage activities in press releases and staff internal emails. 		
<p>12. A review of legacy Council special expenses should be undertaken in the coming financial year. Whilst this might be complicated due to varying arrangements with town and parish councils and recognising one of the special expenses is in an unparished area whilst the other is not, the Committee believe that the term ‘special expenses’ should only be used in the budget to denote a one-off financial commitment. This</p>	<p>Yes. A review of special expenses arrangements in Aylesbury and High Wycombe will be undertaken in 2022/23.</p>	<p>Work to review special expense arrangements has commenced as planned.</p> <p>We have convened a Member Task and Finish group to oversee Phase 1 of this this work, which is focused on Aylesbury, and we are exploring options to devolve six community centres and their associated green spaces.</p>	<p>An initial offer has been made to Aylesbury Town Council regarding the devolution of services. This is under review, pending agreement.</p>	<p>Martin Tett Sarah Ashmead</p>

<p>would not necessarily impact on current governance arrangements; however an assessment is required of the need for these and to ensure there is consistency in terms of how services are funded in other areas of the County (e.g. community centres / open spaces).</p>		<p>Subsequent phases to this programme of work will broaden the scope across other parts of the county.</p>
