

Disclaimer:

This overview should be read from top to bottom, showcasing the layers of plans across the Service and their external triggers. The Public Safety Plan, Corporate Plan and Medium-Term Financial Plan set the strategic and financial direction for the Service and subsequently, directly or indirectly, influence the Directorate plans, which is the final layer.

Note:

Whilst the Financial Strategy Update is not on the HMICFRS list, it does contain the Reserves Strategy, which is on the list.
