Hotak Mo [REDACTED]

Dear Brian,

The request I have chosen the location was because there is no residential nearby my Trailer or van will be outside exactly PIE BUILDING which are offices and in regards to the loud noises we don't put music or it's no gonna be noisy tools to used to cook and get people disturb.

The nearest resident start from 62 the Broadway which is roughly about 400 feet's away from the location I have choosen so I think they will not get any noise.

The area I have chosen is wider than normal pavement Footpath so my van doesn't block the full pavement and pedestrians can easily use the pavement as it's very wide enough.

The Bus stop and Nursery Ollie Owl is far away from the location I have choosen

I don't think they will be effected from my business

In regards to the busy Roundabout my van will be at the corner one side and even the road user will clearly see the road and won't get any trouble

I am selling kebabs donors etc which we haven't got in Old Amersham so how come it affect the other nearby restaurants and businesses.

In regards car park to the customer who wants to purchase food from us they can clearly park at Tesco's car park or there is Pie recruitment car park and our every single customer will not take more than 5 mins to serve.

There is another same business van at the same location as I have choosen

In Beaconsfield Area they usually do their business from the corner of the Roundabout

Finally in regards to the business timing I have mentioned from 13:00 to 23:00

I can change it if there is a problem

I can do it from 16:30 to 22:30 after School hours

Warm Regards,

M Hotak
