

BFRS Protected Characteristics by Core Group

The majority of figures in this document are based on employees being counted once only in their primary role. This however accounts for only a fraction of our On Call population as many Whole-time and Support employees have additional On Call roles. Therefore, in order to measure the diversity of On Call staff as an entire group, these figures include all employees with On Call roles counted once only. Some of these employees are also reflected in Whole-time or Support figures. [The “Total BFRS” column includes *all* of our employees counted *once* only.](#)
