

I'd Like To Borrow

Update September 2024

A Brief Introduction

What is it? - It is a library of things that people will be able to borrow for a minimal fee. We will provide a variety of equipment used for hobbies, sports, outdoor activities, domestic activities, DIY, etc. We have been liaising with the local community to find out what they would like us to stock and whether they have items they no longer want or would like to share.

Where is it? - Our huge storage container is now sited at Bucks Railway Centre in Quanton. People are able to collect from that venue by appointment and after booking their items.

Who can use the services? - Everyone!

How can we use the service? - We now have a website and are in the process of cataloging items on the Sharebee database, so that people can reserve and collect their items (just like a regular library) - items need to be returned after use.

Current Developments

- Charity set up and running
- Website up and running
- Container is fit to bursting

- Catalogue is live (more work to be done)
- Hires taking place
- Donations still coming in
- Still chasing for what people want to hire?

What Do We Need From You?

More promotion

More donations - set up a donation point

More volunteers

In return... we have graphics, leaflets and publicity material

And a great team.....

I'd Like a Bike

- Our Bike Renovation project
- Supplying renovated donated bikes to helping hands
- The refugee team and the Care leavers team.
- Low income families
- Unique for the area
- Loads of development opportunity with a new project
- Expansion opportunity
- Need help with management, delivery, bike repairs
