Dear Kerryann Ashton,

**Premises: Stoke Convenience Store**  
**59 Stoke Road, Aylesbury, HP21 8BL**

Further to your recent correspondence I write to confirm this authority does not wish to make relevant representations in relation to the Closure Order, however.

This authority wishes to share our concerns for the matters of fire safety following the lifting of this current closure order and highlights the following requirements.

- i. By virtue of the licence, the Responsible Person is required to produce a suitable and sufficient fire risk assessment in accordance with the Fire Safety Order 2005.
- ii. The Responsible Person is required to act upon the findings of the fire risk assessment to ensure the risk(s) to relevant persons are managed effectively and robustly.

Yours sincerely,

*Jonathan James*
